

U. S. THREAT HURLED AT DE FACTO PRESIDENT

LIGHTNING DRIVE CORNERS 80,000 AUSTRIANS IN BUKOWINA

Teutons Fleeing From Czernewitz Periled By Smash Of Russ Left Wing

SLAVS TO SURROUND ARMIES, IS FORECAST

French Slaughter German Foe As Three Attacks On Verdun Fail

PETROGRAD, June 20.—Eighty thousand Austrians, retreating from Czernewitz, have been cornered in Bukovina by a lightning drive of the Russian left wing, it was announced here today. In all probability the majority of the Austrians will be surrounded and cut off from joining the main Austrian forces.

The Russians have captured the villages of Zadova, Sroginets and Glibonka, the war office today announced. The populace was admonished to refrain from undue enthusiasm for the present and to wait for bigger events to follow. This is regarded as significant.

FRENCH SLAUGHTER TEUTONS
PARIS, June 20.—Three German attacks at Verdun have been repulsed with great slaughter, it was officially announced today.

JAP MOVE ON CHINA MAY RESULT FROM WAR BETWEEN U. S., MEXICO

WASHINGTON, June 20.—Apprehension is felt here over the effect that probable intervention in Mexico will have on Japan's relations with China. The fear has been expressed that Japan would intervene in China whenever the United States attempted to suppress anarchy in Mexico.

Japan expected the revolutionary movement in China to grow to such proportions that she would be warranted, by the example of the United States in Mexico, in occupying Chinese territory.

CROOKS, IN HIDE AND SEEK GAME WITH OFFICERS, SMASH JEWELRY STORE WINDOW, GET \$274 IN LOOT

Playing hide and seek with Officers John Ryan and W. N. Carter and operating almost under their noses, burglars early today smashed the plate glass window of the E. B. Smith jewelry store, 105 East Fourth street, looted the display racks of \$274.50 in valuables and fled, consummating one of the most daring downtown thefts known in the annals of the local police department.

The crime was committed after the officers rigorously searched the downtown section in an effort to locate two suspicious-looking characters whom Officer Carter had seen lurking, at midnight, in front of the Smith store and also in front of the J. H. Padgham jewelry store, 106 East Fourth street, opposite the Smith store.

Crooks Elude Officers
The two men, if it was they who robbed the Smith store, eluded the officers. They evidently remained in hiding until the coast was clear, for the robbery was committed between 4 and 5 o'clock this morning.

The first person to note that the Smith jewelry store window had been smashed was a newsboy, who at once telephoned to the proprietor.

Smith hurried downtown and notified the police department of the burglary.

A jagged hole, more than two feet in diameter, had been either cut or smashed in the very center of the plate glass and directly in front of where the jewelry was located.

Baja, California About to Secede, San Diego Rumor

SAN DIEGO, June 20.—Lower California is about to secede from Mexico. It will become a republic with Col. Cantu as leader, it was reported today.

Lower California is about to declare itself a republic like Texas, according to rumors current here. The story is gaining credence. News arriving this afternoon from La Pasa and other peninsular ports gives strong confirmation to the rumors.

Colonel Cantu is the virtual dictator in the district and is said to be behind the movement.

Conditions are declared to be ideal for such a move. While starvation, desolation and war grip all Mexico, Lower California is all peaceful. It is treasure-filled with American gold and the farms are bearing record crops. The troops are paid in gold and are loyal to their commanders. The "Baja" natives object to being called Mexicans. They call themselves Californians.

HERE ARE LATEST MEXICO BULLETINS

EAGLE PASS, June 20.—Feeling among foreigners at Saltillo is so hostile that Americans and Englishmen today took refuge in the British consulate.

Gen. Wood Offers Services
WASHINGTON, June 20.—General Leonard Wood today requested to be assigned to active service.

Warships Remove Yankees
GALVESTON, June 20.—Warships have removed many Americans from Vera Cruz, it was today reported.

Bridge Burns
LAREDO, June 20.—Military authorities today are investigating a report that a bridge had been burned thirty miles east of here last night.

Build Barricade
BROWNSVILLE, June 20.—A barricade of steel rails today is being built at the south end of the international bridge on the Mexican side.

BETTER BABIES WEEK BEGINS IN CLEVELAND

CLEVELAND, June 20.—"Better babies" week began in churches and throughout Cleveland today. Believing that 80 per cent of the 1906 deaths of infants under one year old last year could have been prevented, the Welfare Council began a campaign of education of mothers in the foreign quarters today.

John Tervoorjian, one of the company cooks, who was last heard from at Elsinore about two months ago, is not at Elsinore and has not been located. The officers here believe that he will show up as soon as he learns that the company is under arms.

Equipment Checked Out
Complete field equipment was checked out to every member this afternoon. The equipment weighs about fifty pounds. The individual pack consists of shelter hat (pup tents, as they are called by the militiamen), blankets, tent pole, pins, rubber blanket, bed sack, these being carried in the blanket roll, and a haversack, which contains cooking and eating utensils. Individual rations are not provided.

The boys are having good "eats" three times a day. Arrangements were made for the entire membership at the Rosemore Cafe. The company matches to "mess" in a body.

The signal corps, composed of two privates and two musicians, are practicing hard. Private L. King, recently retired from the U. S. Navy, is the instructor.

As yet guard duty has not been established at the headquarters. Officers, however, are considering throwing out guards starting with tomorrow morning.

C. of C. Lends Aid
Thoughtfulness of the Chamber of Commerce in providing the boys with personal equipment which they would have to provide themselves with, is much appreciated. Secretary Metzgar sent over 150 towels, 75 combs, 75 tooth brushes and 75 bars of soap. As many of the members quit work and hurried to the Armory yesterday without providing themselves with the necessities, the courtesy of the Chamber of Commerce was doubly appreciated.

Dr. Frank E. Winter, first lieutenant of the U. S. Medical Reserve Corps, is examining applicants for membership in the company.

Nelson Holderman and A. K. Ford, elected first and second lieutenants respectively, received telegraphic instructions yesterday afternoon that their commissions would be forwarded at once.

WILSON URGES HUGE FIGHTING CRAFT BE SPECIFIED IN BILL

WASHINGTON, June 20.—President Wilson today urged the Senate Naval Committee to specify at least one and possibly two dreadnaughts in the navy bill.

AWAITING MARCH ORDER, COMPANY L MIXES FUN WITH DRILL

Seven New Recruits Are Added to the Local Militia Force

Company L boys are having a little fun mixed in with their drill work while waiting for orders either to return to their work, report at a mobilization camp or go to Mexico. They are being held pretty close to the Armory, and between drills are enjoying themselves in the club rooms or in activities in the street in front of the Armory. Last night they were guests of the management of Clune's Theater, accepting an invitation extended to attend the show there. The West End Theater has also extended the company an invitation to attend some evening during the week—when ever it best suits the convenience and pleasure of the members. Tonight a farewell reception will be tendered the members living in Tustin at the Thorman home in Tustin.

No further orders have been received by Captain McBride, and he knows no more about what the company may expect in the next day or two than he did yesterday. Practically every member of the company has reported for duty.

7 Recruits Added

Seven recruits were added to the roster yesterday, and more were expected this afternoon. Those who enlisted yesterday were Nathaniel N. Rochester, student; William R. Metz, student; George Wallace Wright, painter; William W. Rittner, bookkeeper, member of the Oregon militia for three years; William D. Mackie, farmer; Arvin Teel, machinist; Hugh F. Veale, rancher. With the exception of the latter, all are residents of Santa Ana. Veale was working on a thresher at Seelye, Imperial valley, when he received a telegram from Captain McBride yesterday morning asking him to report. He quit work at once, not even waiting to get his pay, and reported at the Armory last night. His enlistment in Company L expired six months ago, but he had informed the commanding officer that any time there was real need for his re-enlistment he would come. And he did, getting here before some members who live only a few miles from the city.

John Tervoorjian, one of the company cooks, who was last heard from at Elsinore about two months ago, is not at Elsinore and has not been located. The officers here believe that he will show up as soon as he learns that the company is under arms.

Equipment Checked Out
Complete field equipment was checked out to every member this afternoon. The equipment weighs about fifty pounds. The individual pack consists of shelter hat (pup tents, as they are called by the militiamen), blankets, tent pole, pins, rubber blanket, bed sack, these being carried in the blanket roll, and a haversack, which contains cooking and eating utensils. WILSON URGES HUGE FIGHTING CRAFT BE SPECIFIED IN BILL

WASHINGTON, June 20.—President Wilson today urged the Senate Naval Committee to specify at least one and possibly two dreadnaughts in the navy bill.

ARREDONDO TALK WITH LANSING CALLED OFF AT CAPITAL

Explanation of Sudden Move Is Not Forthcoming From Officials

WASHINGTON, June 20.—Eusebio Arredondo today cancelled his engagement with Secretary Lansing after reading the United States' note.

No comment will be made at the Mexican embassy regarding the sudden cancelled engagement. Some attaches said that Arredondo decided to wait for instructions from his country regarding the note sent to Carranza. The officials refused to admit that the engagement was broken on telegraphic orders from Mexico City.

Remove 4000 Yankees

EL PASO, June 20.—Information on the top of other disquieting rumors, having reached General George Bell, Jr., that Villistas, advancing north along the old National railway of Mexico, had wiped out the Carranza garrison at Corralitos, south of Jimenez, officials here today were making efforts to bring 4000 Americans, now in Mexico, out of the country.

The confiscation of foodstuffs for the army, in the face of a natural shortage, has caused 7000 Mexicans to cross into the United States.

Two thousand troops in seven trains, have been side-tracked at Montezuma. It is believed that these are reinforcements for the Carranzistas near General Pershing's line.

FRENCHMAN DIES DAY AFTER HE WRITES TO HIS WIFE AT HOME

BY ED L. KEEN
(United Press Staff Correspondent)

LONDON, June 10.—(By mail.) "There speaks the soul of France," said Franklin Bouillon, the distinguished French deputy, at the American Luncheon Club in London, after reading this touching letter written by a French soldier, George Beland, a cook, to his wife:

"My Dear Yvonne: Don't be worried. I have good hopes of seeing you again, as well as our dear boy Raymond. But, if by ill luck anything should go wrong with us—for we are at war and, of course, are running risks—I hope you will remain courageous, and be sure, in case I die, I have complete confidence in you; and I ask you to live for the sake of bringing up the boy so as to be a right manly and true fellow."

The day after sending the letter the writer was killed, said M. Bouillon.

VICTOR HARRIS, MUSIC COMPOSER, WEDS PUPIL

NEW YORK, June 20.—Miss Catherine Lawrence Richardson, and Mr. Victor Harris, somewhat well-known composer and instructor in music were married today at the Church of the Messiah.

The engagement was no surprise to many of the associates of Miss Richardson and Mr. Harris in various musical organizations.

Their romance began when Miss Richardson, who has given much time to the cultivation of her voice, met frequently afterward, when she became a member of the St. Cecilia Club, an organization of amateur vocalists of which Mr. Harris has been the conductor for several years.

Mr. Harris is widely known among music lovers in this and other cities. His songs are heard frequently at concerts and recitals and singing societies. The St. Cecilia Club has sung his chorales.

\$1,500,000 CARVING COLLECTION IN N. Y.

NEW YORK, June 20.—The famous art collection of the late M. Chabrier-Arles of Paris and Lyons is now the property of Duveen brothers, who have brought it to New York and will display it in their galleries here. The collection comprises about 250 pieces, and has a value approximating \$1,500,000.

"Exercising the refined knowledge and taste of a true connoisseur," Mr. Duveen said, "this well-known collector of Lyons, who died a few years ago, gathered a unique assemblage of important French and Italian Renaissance works of the sixteenth century."

M. Chabrier-Arles took the greatest pride in his art possessions, and always welcomed visits of amateurs and artists to what was a veritable museum of these rare and choice objects, so that his collection became celebrated.

Many famous French artists figured in the production of the articles comprised in the collection.

CARRANZA CHARGED WITH AIDING BANDIT RAIDS, MASSACRES

WASHINGTON, June 20.—The American government today threatened Carranza with the "gravest consequences" if he attacks the troops now in Mexico. The threat was contained in a long note replying to the last withdrawal demand. In full, short-arm diplomatic jabs, the note positively declined to take the American forces out of Mexico. It exorciated Carranza for failure to co-operate, and resented his brusqueness and intimations of bad faith.

WASHINGTON, June 20.—The United States' reply to the note of the de facto President Venustiano Carranza, demanding the withdrawal of the American expedition in Mexico, was forwarded today. In part the note says: "The government of the United States has viewed with deep concern and increasing disappointment the progress of the revolution in Mexico. It would be tedious to recount instance after instance of outrage after outrage and of atrocity after atrocity."

The note, however, mentions these cases: the attack on Brownsville, on the Red House ferry, on the Progreso post office and on Las Peladas, "all occurring during last September."

CARRANZISTAS ACCUSED

"In these attacks Carranzista adherents and even civil soldiers took part in the looting, burning and killing," says the note.

Not only are the foregoing attacks characterized as having been committed with ruthless brutality but uncivilized acts of mutilation are cited as having been perpetrated.

"Since these," the note says, "numerous other attacks have occurred, the bandit leaders enjoying with impunity the liberty of towns in Northern Mexico. I am advised that the bandit leaders received the protection and aid and encouragement of the de facto government."

ANARCHY GROWING WORSE

The note points out that the de facto government was fully cognizant of Villa's movements up to the time of the attack on Columbus. After referring to the fact that, following the pillaging, killing and looting by the Mexicans, the American troops crossed the border in pursuit of the bandits, the note continues, saying: "I have noted that your communication is not limited to a discussion of the deplorable condition on the border, but that an effort is made to connect it with other circumstances in order to support, if possible, a mistaken interpretation of the attitude of the government of the United States toward Mexico."

DE FACTO CHARGE DENIED
"You state that the American government has placed every possible obstacle in the way of attaining the pacification of Mexico as shown by diplomatic representations in behalf of American interests; that aid was lent at one time to Villa and that there is constant activity on the part of the American press in favor of intervention. I can truthfully affirm that the American Government has given the de facto government every possible encouragement for the pacification and rehabilitation of Mexico. From the moment if its recognition Mexico has had the undivided support of this government."

Pointing out the hostility toward the American expedition and the failure of the Carranza government to co-operate, Secretary Lansing finally refers to the demand for the withdrawal of the United States troops, saying: "Meantime conditions of anarchy are continually growing worse."

Concerning the Carranza charge that the United States is insincere, the note says:

"Can the de facto government doubt that if the United States turned covetous eyes on Mexican territory it could have found many pretexts in the past for the gratification of its desire? What other motive could the United States have had in refraining from taking advantage of such opportunities than an attitude of unselfish friendship toward the Mexican republic?"

NO INFRINGEMENT INTENDED
"You state that even the American force on the border is itself physically unable effectively to protect the frontier on the American side. Obviously, if there were to be no means for reaching bands roving in Mexican territory and making sudden dashes in the night on to American territory, it would be impossible to prevent invasion unless the territory was protected by a cordon of troops. No government is expected to maintain this during peace. The most the plan the United States is to visit, punish and destroy the raiders. This is precisely the plan the United States follows to follow, without any intention of infringing on sovereignty."

"The Mexican government protests the United States doing anything to protect the border. Attention is again invited to the well-known unrestricted acts of De la Rosa, Pisco, Vince and others. Does this indicate that the Mexican government is doing all that is possible to avoid further raids?"

MAKE GOOD, ALTERNATIVE
"The de facto government finally agrees that if the frontier were duly protected from incursions from Mexico there would be no reason for the existing difficulty. Thus the de facto government attempts to absolve itself from the first duty of any nation, the protection of life and property. In conclusion, the de facto government invites the United States to support its assurances of friendship with effective acts which can be no other than immediate withdrawal. Whenever Mexico assures the United States of the effective exercise of that responsibility, the United States will be glad to leave it to the de facto government and withdraw."

"If, however, the de facto government is pleased to ignore its obligations to protect American rights by pursuing the bandits and believes in this case that a refusal by the United States to retire the American troops would leave the government of the United States would surely be lacking in the sincerity of friendship if it did not impress frankly upon the de facto government that the execution of this threat will lead to the gravest consequences."

MEXICO CITY, June 20.—The capital today awaited with intense interest the American note. Preparations were made to flash a digest to all the important cities of the republic. Anti-foreign demonstrations continued most of the night. It is estimated that there are 700 Americans in Mexico City.

RAILROAD HEADS LAY PLANS FOR TROOP MOVES

SACRAMENTO, June 20.—Railroad officials today gathered in the office of the adjutant general to arrange for the transportation of the militia to the fair grounds for mobilization. It was decided by General Thomas and Colonel Smith that the companies would not be brought in separately, but that they would wait until the companies recruit up to their minimum strength and then run specials, gathering up the companies in different cities.

No company will be brought here until it is recruited to its minimum strength. The second lieutenants will then be left in their home towns to continue recruiting.

Captain Ferrery McComis of Battery A, Los Angeles, telegraphed that he had already recruited from eighty-six to 133 and that men were rapidly enlisting.

INDIRECT BLAME FOR STRIKERS' DEATHS BE LAID TO 'HIGHER UPS'

SAN FRANCISCO, June 20.—Striking longshoremen today prepared to lay at the door of "higher ups" the indirect responsibility for the slaying of Thomas Olsen and Louis Morey, strikers who were shot.

ATTORNEY MARSHALL'S REPORT IS UPHELD

WASHINGTON, June 20.—A unanimous recommendation that no further proceedings be had at this time on Representative Buchanan's impeachment charges against United States Attorney H. H. Snowden Marshall of New York has been submitted to the House Judiciary committee by the investigating sub-committee.

At the same time the committee received a letter from Representative Buchanan insisting that his charges had been sustained and asking for a further hearing.

R. C. BLYTHE IS DEAD

ORANGE, June 20.—R. C. Blythe, former city trustee, died today, aged 62. Recently he has had a drug store at Olive.

DE FACTOS WILL BROOK NO MORE EXPEDITIONS, FIRST CHIEF ANNOUNCES

50,000 Horses and Mules Are Ordered Bought For Militia Use

AMERICANS IN MEXICO CITY TO BE REMOVED

War Heads Ask Congress Not To Pass Militia-in-Mexico Law Now

MEXICO CITY, June 20—

"If the United States wishes war with Mexico, they must begin by invading our territory," de facto President Venustiano Carranza said today. "Mexico will tolerate no more expeditions."

WASHINGTON, June 20.—Consul Rogers today arranged for a special train to take the Americans from Mexico City.

SAN ANTONIO, June 20.—General Funston today announced that the quartermaster's department at Fort Sam Houston had been ordered to purchase 50,000 mules and horses for the militia.

When purchased the mules and horses will be assembled at various stations throughout the country. Bids will be advertised immediately.

He said he had wired a request for a certain number but declined to state the figures.

The troops will be distributed from the Gulf of Mexico to California. There is no indication what militia will be called first. It is believed that New York and Illinois will receive the first orders.

Law Delay Asked

WASHINGTON, June 20.—Fearing that it would be construed as an act of war, the War Department today decided to withdraw for the time being, its request to Congress for the passage of a resolution authorizing the President to use the National Guard in Mexico.

1500 APPROACH LINE

SAN ANTONIO, June 20.—Fifteen hundred Yaqui Indians and Mexicans today approached Del Rio, just across the river. General Green, commanding at Eagle Pass, sent a number of trucks loaded with troops to Del Rio.

2 States Declare War

SAN DIEGO, June 20.—The governor of Sinaloa has declared war on the United States, says a message directed to Admiral Winslow of the Pacific fleet. A proclamation issued by the Mexican government in Yucatan declares a state of war between the United States and Mexico, according to arrivals at Galveston from Progresso.

CARPENTER WORK WILL BE DONE BY PASTORS

SAN BERNARDINO, June 19.—Decision to call a recess in the labor of things spiritual and to turn their endeavors to the work of building benches for use in open air religious services was reached by the Ministerial Union. More than a dozen pastors of the city are to become carpenters to construct the benches. The city will donate the lumber and the benches will become the permanent property of Pioneer Park. Seats for 1000 people are to be constructed.

FRENCH LOSE 165,000 AND TEUTONS 415,000 IN VERDUN FIGHTING

GENEVA, June 20.—The French losses around Verdun in killed and wounded amount to approximately 165,000 to date.

These losses have occurred on a front which is not more than thirteen miles in length.

LONDON, June 20.—Since the beginning of the battle of Verdun on February 21 last the Germans have lost about 415,000 men, it is stated here. Statements of prisoners, captured documents and other sources are the basis of the estimate.

NORTH MAIN SPUR FRANCHISE BEATEN

NOT A VOTE IS GIVEN SWITCH MENACE BY COUNCIL

Curve at Fourth Gets Three Votes, Question of Whether That Enough Raised

The franchise for a P. E. spur and switch in the northern part of the city was denied by the city trustees last night.

The franchise for a curve around the First National Bank corner was granted by three votes for, one against, one not voting.

Attorney Clyde Bishop said it takes four votes to carry a railroad franchise on a public street. City Attorney G. H. Scott said it takes only three votes. Bishop said he would prove he was right by enjoining the printing of the franchise and getting the matter into court.

The city attorney said that the P. E. attorney is willing to accept a three-fifths vote, and the question is for the P. E. to worry about.

The council chamber was crowded last night by people who had gathered in protest against granting the P. E. a spur track off of North Main street at Santa Clara avenue, for diverting freight cars from the Orange line to a switch to be established between Bush and Twentieth on the S. P. reservation.

The franchise for a curve at the First National Bank corner was also up for second reading last night. When City Attorney Vegely had read the curve franchise, Trustee McPhee wanted to know if three votes would pass the franchise. City Attorney Scott said three votes would pass it.

"I want to call your attention to the fact that this franchise is for fifty years, and that it gives the P. E. the right of way to put up what poles it thinks necessary for using the curve," said McPhee.

How Many Needed

Attorney Clyde Bishop, who was representing those protesting against the Santa Clara avenue spur, said the

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

CALIFORNIA NATIONAL BANK
Santa Ana, Cal.

question of how many votes are needed to pass a franchise was concerned in both, though those he represented had no objection to the curve at the bank corner. He quoted law books and court decisions to prove that a two-thirds vote is necessary to pass any right for the use of a public street by a railroad corporation.

"That is a matter for the courts to thresh out," said Visel.

"Better keep out of court, so far as the city is concerned," said McPhee. "Find out what's right before we act."

Greenleaf said he thought ten or fifteen years was long enough to grant the curve, but the curve by itself after other franchises run out would not be worth much.

The vote was taken. Tubbs, Greenleaf and Visel voted for the curve franchise. McPhee did not vote and Maryatt voted no.

This curve is the one long sought by Orange so that cars from Los Angeles could go on to Orange.

Switch Yard Protest

The city clerk read the proposed Santa Clara spur franchise.

"We have a big signed remonstrance, and there are 200 of us here to protest against this spur," said W. L. Grubb, who asked Attorney Bishop to present the matter.

Bishop said he objected to the franchise because of the length of time, fifty years; because there is no public necessity for the spur, it being a convenience to the P. E. only; that it does not state what shall and what shall not be done in the way of switching; that the nature of the use is not stated, in that it does not say how long cars can stand on Main street or across Bush street; that there is no provision for the city to repeal the franchise if it sees fit.

"This board has not the moral right to grant a franchise that shall fix the destiny of those homes for fifty years to come," said he. "All the city gets in return for this valuable right to the P. E. is that the P. E. will carry mail carriers and policemen on duty free. The P. E. can get on to Santa Fe at Orange and the Santa Fe can transfer to the S. P. in Santa Ana. That is a way out of the P. E.'s situation."

Says He'll Enjoin

"I tell you it takes four votes to carry a franchise. I'll prove what I say. Before that franchise for the curve at Fourth and Main streets goes to print I shall bring an injunction to stop its being printed. I am not interested in whether or not the P. E. gets that franchise, but I am going to convince you that I am right. Three votes grants no franchise, and when that franchise goes to Senator Carr he will say that the P. E. has no franchise."

Attorney's Viewpoint

"It is Attorney Carr and not Senator Carr who represents the P. E. in this matter," said City Attorney Scott. "Carr told me that he was willing to accept a franchise passed with three votes. If the P. E. accepts the franchise, I don't see but that the entire worry is up to the P. E. and certainly not up to the city. I did not know this legal discussion was to come up tonight, and I am not prepared with law-books and briefs. However, the problem is up to the P. E."

District Attorney L. A. West said that the attitude of the people of the north end is that they don't want that spur track franchise granted under any consideration, whatever the restrictions be.

B. F. Deswick asked the trustees to picture a line of freight cars in their front yards, and then they would realize why the north end is fighting the proposition.

A vote was taken. Trustees Tubbs, McPhee, Greenleaf and Maryatt voted no on the franchise. Visel not voting.

For First Reading

A resolution for surfacing West Fifth street between Sycamore and Broadway was given first reading and was referred to the city attorney.

Three Trustees Go Against Ordinance That Is Backed Up By Churches

Sunday closing of poolrooms in Santa Ana was defeated last night by a vote of three to two. Trustees J. W. Tubbs, W. A. Greenleaf and O. H. Maryatt voted against the ordinance. Trustees George McPhee and A. J. Visel for it.

There was no discussion of the matter by the trustees. They simply walked up to the plate, faced the pitcher and said it, either aye or no.

The ordinance proposed to close the poolrooms Saturday nights at 11 o'clock, and keep them closed until Monday morning at 6.

Attorney S. M. Davis appeared as a representative of various churches, many of which, also had delegations present representing those favoring the ordinance.

"There are many here who believe in limiting this amusement," said Attorney Davis, "and the question is up to the board."

Attorney W. F. Menton made an argument against the proposal. He said that since the city considers the business legitimate, in that it licenses it, it ought not to cut off the most profitable day of the week. He said the businesses are run in a clean manner.

"The passage of this ordinance will not make any of them go to church," said Menton. "None under 21 is allowed in the poolrooms. His habits are formed. He will more likely go to some place where there are hell-holes."

The vote was taken. It stood three to two against the ordinance.

Policy on Sewers

A policy upon sewer extensions was announced last night. That policy is that upon those streets that were established streets when the original sewer bond issue was passed, new sewers will be laid, the city to pay half the cost and the property owners half. Upon streets not established when the bonds were voted, the property owners must pay all of the cost. Greenleaf protested that the policy was discrimination against outside streets.

Under this policy the petition for a sewer at Santiago and Edgewood, as petitioned for last night, comes under the owner-pay-all division.

Lacy Street Paving

It was stated that some months ago the city had granted a petition for screened gravel and oil on Lacy street, and that now a petition for crushed rock and oil is being circulated and has about fifty per cent of the frontage signed up. Nothing was ever done with the screened gravel work, and it apparently cannot be secured. The board last night rescinded the gravel order, and gave an order that the street from Fifth to Wellington be paved with crushed rock and oil, the sewer, water and gas connections to be made before the work is done. On the motion, Greenleaf declined to vote, saying he did not understand the situation.

Have Petition Form

Visel said that the city should keep closer grip on the streets to be improved, instead of turning contractors loose to try here, there and everywhere.

Tubbs moved that the city attorney draw up some form of petition to be a standard, providing for the laying of sewers before paving and in connection with it, that form to be used for all street work.

On McPhee's motion, the Park Commission was asked to grant the churches the right to have a union service in Birch Park on July 2.

Heathman Records

W. F. Heathman, former city attorney, was appointed city recorder to succeed J. A. Willson. Applications were read from M. L. Lane, Dick F. Harding, W. F. Heathman, J. P. Spaulding, G. B. Brown, S. P. Bybee and F. M. Grigsby. On the first ballot the vote was: Heathman, 2; Brown, 1; Lane, 1; Spaulding, 1. The second ballot was: Heathman, 3; Lane, 1; Spaulding, 1.

Resurface French

John Cubbon presented a petition signed by him, G. S. Smith, C. S. Crookshank, Mrs. A. J. Visel, J. G. Quick, Mrs. Alice Harris, A. W. Rutan and L. J. Carden, asking that French street from Fifth to Washington be resurfaced with crushed rock and oil. Cubbon said the petroliotic base is still good. The petition was granted, and the Orange County Engineering & Construction Company was given permission to start work on the street, with the understanding that the work should not start until all of the property owners sign the private contract. The mayor was authorized to sign for the French street park frontage.

New Contractor

A petition for paving Minter from Fourth to French had 217.5 feet of a total frontage of 3392 signed up. Mr. Robinson declared that many of the property owners signed thinking that the work was to be done by the Smith-Kellogg Company, which is the Engineering & Construction Company, and did not know that G. R. Wells intended to handle the job himself. Robinson asked that the petition go over. G. L. Wright said that he did not care who paved the street, but

Today's Beauty Help

You can keep your hair at its very best by washing it with this simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff and dirt and leaves a clean, wholesome feeling. Just use a teaspoonful of canthox dissolved in a cup of hot water, afterwards rinsing thoroughly with clean water. One finds that the hair dries quickly and evenly, is unstreaked, bright, soft and fluffy, so fluffy in fact that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. All scalp irritation will disappear and the hair will be brighter than ever before.—Advertisement.

SUNDAY CLOSING OF POOLROOMS IS DENIED

Three Trustees Go Against Ordinance That Is Backed Up By Churches

Sunday closing of poolrooms in Santa Ana was defeated last night by a vote of three to two. Trustees J. W. Tubbs, W. A. Greenleaf and O. H. Maryatt voted against the ordinance. Trustees George McPhee and A. J. Visel for it.

There was no discussion of the matter by the trustees. They simply walked up to the plate, faced the pitcher and said it, either aye or no.

The ordinance proposed to close the poolrooms Saturday nights at 11 o'clock, and keep them closed until Monday morning at 6.

Attorney S. M. Davis appeared as a representative of various churches, many of which, also had delegations present representing those favoring the ordinance.

"There are many here who believe in limiting this amusement," said Attorney Davis, "and the question is up to the board."

Attorney W. F. Menton made an argument against the proposal. He said that since the city considers the business legitimate, in that it licenses it, it ought not to cut off the most profitable day of the week. He said the businesses are run in a clean manner.

"The passage of this ordinance will not make any of them go to church," said Menton. "None under 21 is allowed in the poolrooms. His habits are formed. He will more likely go to some place where there are hell-holes."

The vote was taken. It stood three to two against the ordinance.

Policy on Sewers

A policy upon sewer extensions was announced last night. That policy is that upon those streets that were established streets when the original sewer bond issue was passed, new sewers will be laid, the city to pay half the cost and the property owners half. Upon streets not established when the bonds were voted, the property owners must pay all of the cost. Greenleaf protested that the policy was discrimination against outside streets.

Under this policy the petition for a sewer at Santiago and Edgewood, as petitioned for last night, comes under the owner-pay-all division.

Lacy Street Paving

It was stated that some months ago the city had granted a petition for screened gravel and oil on Lacy street, and that now a petition for crushed rock and oil is being circulated and has about fifty per cent of the frontage signed up. Nothing was ever done with the screened gravel work, and it apparently cannot be secured. The board last night rescinded the gravel order, and gave an order that the street from Fifth to Wellington be paved with crushed rock and oil, the sewer, water and gas connections to be made before the work is done. On the motion, Greenleaf declined to vote, saying he did not understand the situation.

Have Petition Form

Visel said that the city should keep closer grip on the streets to be improved, instead of turning contractors loose to try here, there and everywhere.

Tubbs moved that the city attorney draw up some form of petition to be a standard, providing for the laying of sewers before paving and in connection with it, that form to be used for all street work.

On McPhee's motion, the Park Commission was asked to grant the churches the right to have a union service in Birch Park on July 2.

Heathman Records

W. F. Heathman, former city attorney, was appointed city recorder to succeed J. A. Willson. Applications were read from M. L. Lane, Dick F. Harding, W. F. Heathman, J. P. Spaulding, G. B. Brown, S. P. Bybee and F. M. Grigsby. On the first ballot the vote was: Heathman, 2; Brown, 1; Lane, 1; Spaulding, 1. The second ballot was: Heathman, 3; Lane, 1; Spaulding, 1.

go ahead and get it paved. The trustees granted the petition.

Wells was given permission to open the street when the street superintendent thinks it most advisable. The city will pay for the French street park frontage. This is Wells' first contract. He has been with the county highway commission.

East Third Street

Tubbs reported that 2099 feet of 5105 on East Third had been signed for asphalt paving. There was a majority of the frontage from Spurgeon to Garfield, but not from Spurgeon to the S. P. He moved that the petition be referred back for more signatures. Greenleaf seconded, but the motion lost and another motion to grant the petition carried. McPhee, Maryatt and Visel voting yes and Tubbs and Greenleaf no.

Tubbs said that while the board was at it, it might as well pave Breeden street between Third and Fourth. Maryatt was willing to make such a motion, but it was decided to take no action.

Get More Lights

The city clerk was instructed to write to the Edison urging that it immediately carry out the agreement to transfer arc lights from the center of the city to the Bush and Spurgeon corners on First street and the Minter, Olive and Van Ness corners on Fourth. The distribution of fifty new incandescent lights was discussed.

On C. J. Schultz bringing the matter up, the water superintendent stated he would have pipe laid alongside West Fifth street near the school house moved off the street. Schultz said his daughter had been arrested for riding on a sidewalk when this pipe made it impossible to ride beside the paved strip and out of danger of autos.

Chief Jackson was given permission to arrange for annual vacations for firemen.

A letter from the Fiesta de Luz committee offering thanks was filed.

The petition of C. M. Becker to have the pool room license for 309 East Fourth street transferred from W. B. Alexander to him was referred to Tubbs and Greenleaf. Alexander has had the place only two or three weeks.

Jack Palmer's assignment of a contract to lay fire alarm wires was referred to the city attorney and McPhee.

The renewal of a \$1000 fire insurance policy on the city hall was ordered.

Officer Carter was given a vacation from July 1 to July 15.

WOMAN HURT IN WRECK AT IRVINE DIES AT THE S. A. HOSPITAL TODAY

Never regaining consciousness, Mrs. E. M. Williams, wife of the proprietor of the Williams Taxicab Service, Los Angeles, died at 1:30 o'clock this morning at the Santa Ana Hospital of injuries received late Saturday evening when she was thrown from a motorcycle at the Santa Fe crossing at Irvine while en route to San Diego with Phillip Kempster of Los Angeles.

Arrangements to ship the body to Los Angeles today were made by Coroner Winbigger, who did not hold a formal inquest. The coroner took the statements of the dead woman's husband, of Kempster and also of Mr. and Mrs. J. A. McMullen, who were in the party of motorcycleists when the accident occurred.

FIRST AID TO INJURED

A series of first aid to the injured demonstrations were given here yesterday by Dr. F. H. Kruse of the University of California Hospital staff to thirty-two Pacific Telephone and Telegraph linemen, wire chiefs and branch managers from various parts of the county.

CHEAP FARES FROM THE EAST

The Southern Pacific Co. announces authorization of low Colonist fares from Chicago, St. Louis, Memphis, New Orleans and Missouri River and Mississippi gateways to California, effective Sept. 24 to Oct. 8 inclusive, 1916. Fares from Missouri River points \$32.50, Chicago \$40.50. Corresponding fares from other points.

NEW STREET PAVING FIRMS ORGANIZED, IS WELL EQUIPPED

Two Engineers, G. R. Wells and C. E. Bressler, Taking Contracts Here

Two engineers, Geo. R. Wells and C. E. Bressler, both of Santa Ana, have formed a partnership to do street paving, and have signed up a majority of the frontage for paving Minter street between Fourth and French streets with crushed rock and oil.

Wells and Bressler are exceptionally well fitted for doing successful work, as they have had a wide experience in dealing with the various angles of road building. Wells is a graduate of the engineering department at Stanford University, and Bressler the engineering department of the University of Illinois.

From its beginning and until the work was practically finished, Wells was associated with the County Highway Commission, and since then has been employed in construction work with the Huberman company.

Bressler has had years of experience in street paving of all kinds. For several years he was with the Barber Asphalt Co. and the Warren patent for street paving. For the last two years he has been superintendent for Oscar Ford, a contractor who is mayor of Riverside. Bressler was in charge of Ford's contract for building approximately twenty miles of concrete road in this county including a section of the Santa Ana canyon road.

These men have secured excellent equipment for street paving work. A steam roller has been secured, and teams and other equipment have been lined up, so that the partners are ready to do splendid work. They know how, they have the equipment, and they have the desire to make good, which three things will make for success.

CUT THIS OUT—IT IS WORTH MONEY

DON'T MISS THIS. Cut out this slip, inclose with 5c and mail it to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for bronchial coughs, colds and croup; Foley Kidney Pills, for lame back, weak kidneys, rheumatism, bladder troubles, and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels.—Rowley Drug Co.—Advertisement.

WHY ENDURE SUMMER COLDS?

It isn't necessary to have a stuffed head, running nose. To cough your head off. All you need do is to use Dr. Bell's Fine-Tar-Honey. The soothing and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.

DIRECTORS WILL NOW ASK LAND OWNERS TO GO ON NOTES

Property owners in the Newbert Protection district will be called upon by directors of the district to go on notes to raise sufficient money to pay for the dredger recently purchased and on which \$1000 has been paid and for making repairs in the Santa Ana river absolutely necessary for protection against damage from flood waters next winter.

The directors met yesterday afternoon to canvass the returns in Saturday's election, in which a bond issue for \$55,000 was defeated by a vote of 67 for and 74 against. No errors were found in the count as made by the election board.

Members of the board expressed the belief that a majority of the land owners in the district were in favor of the bond issue, but failed to cast ballots. At the election when the bond issue for \$180,000 was carried, 207 votes were cast, and Saturday only 141.

Repairs to levees, etc., are absolutely necessary to put the river in anything like condition to carry the volume of water in the river in the winter months. Money must be had with which to do the work. To call another election would require three or four months' time. The members of the board have given their personal notes for funds used in the district work and they now feel that the property owners should take some of the responsibility, and while no official action was taken yesterday, it was the understanding that the directors would take up the matter with some of the larger land holders and ask them to go on notes to raise funds sufficient to carry on repair work.

This Is Our Sixth Anniversary Week

When we commenced business, June 17, 1910, we had certain ideals. We believed then, and still do, that a firm's success depends largely upon the quality of its merchandise coupled with fair prices, and service. We believe that the customer is entitled to protection. So we have chosen to sell only those lines of Men's and Boys' clothing that offer unquestionable value. Our idea of business is to sell merchandise with a "money back if not satisfied" guarantee. Nationally advertised goods find a prominent place in our store.

Such lines need no recommendation from us, nor do they require any selling argument—their merits are known to all men.

Here are lines of nationwide fame for their quality.

STATE TO BUILD WALLS PROTECT THE CHAPMAN ST. BRIDGE

Engineer May Have to Prosecute Ranchers to Stop Flooding of Highway

Protective walls are to be built above the East Chapman street bridge in order to prevent the washing out of the approaches should a heavy flood come during the coming winter or at any time before a river channel is established and protective works established.

These walls are to be built by the State under the direction of C. F. Spellmeyer, resident engineer of the State Highway Commission.

It is proposed to build two sloping walls, one 250 feet wide on the east side of the river and one 150 feet long on the west side of the river.

The walls will slope on a one to one slant, the lower edge to be about five feet under the surface and the upper edge to be about eight above the surface, the upper edge being about two feet lower than the surface of the roadway.

"These walls," said Spellmeyer, "will protect the approaches, and if the piling stays there will be no wash-out at this bridge. Nearly all of our washouts start with the approaches going first. These walls will be about the same as though a thirteen-foot roadway was built on a one to one slant, backed up with earth."

Engineer Spellmeyer is having trouble with a number of ranchers along the state highway who have been allowing waste water from their orchards to flood the edges of the highway.

"There is a law against this," said Spellmeyer, "and the penalty is \$10 a day for each day that the side of the roadway has water upon it. I dislike taking up prosecution, but unless the ranchers desist I shall have to resort to prosecution. The shoulders that we have been building on the road between Santa Ana and Fullerton is some places have been materially damaged by flooding from the ranches, and it must be stopped. We believe that the state is entitled to the cooperation of the citizens in making the best job possible on the state highway. In winter, we can provide drainage, but when this construction work is going on we cannot always do that. Anyhow, it is against the law, and that fact might as well be understood."

Finishing Shoulders

Engineer Spellmeyer is completing the shoulders on the state highway between Santa Ana and Fullerton. He has most of the rock hauled for the shoulders between Santa Ana and Irvine, which will be as far south as the shoulders will be built this summer. The state has had to appropriate so much of the money available for this section of the state highway for bridges that it will not be able to extend the shoulders, which are a great boon to those traveling the highway, any further south than Irvine, at least not this year.

The shoulders north of Santa Ana will be completed by about July 1, and the equipment will then be transferred to the portion of the road between Santa Ana and Irvine. Work constructing bridges to take the place of those washed out at Aliso and San Juan will probably start about August 1.

Doing Good Work

Engineer Spellmeyer is doing excellent work. He has a well organized crew of men. The crew is as large as can be effectively handled with the equipment that is available. The shoulders that have been constructed in this vicinity have been highly commended. Excepting at those places where damage has been done by flooding from ranches, the shoulders are standing up perfectly under the heavy traffic to which they have been subjected.

TO ASK CONGRESS FOR 660 ARMY AEROPLANES

SAN DIEGO, June 20.—Congress will be asked to appropriate sufficient funds this year for the purchase and maintenance of 660 military aeroplanes, according to word received here from Lieutenant Colonel George Squier, aeronautical aide to Brigadier General George Scriven, chief of army aviation. Colonel Squier, in a report to the War Department, based on his observation of the flying corps of Great Britain and France, declares that the United States should not expend less than \$3,200,000 for the exclusive purchase of aeroplanes during the next fiscal year. The Chamberlain-Hay measure provides for the organization of eight aero squadrons.

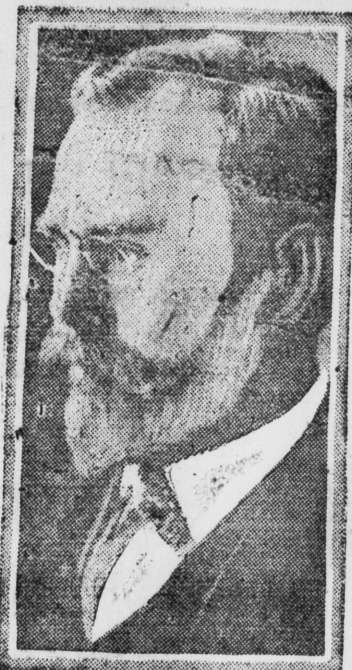

SENATE STEPS ASSIST SHIP PURCHASE BILL

WASHINGTON, June 20.—Immediate steps have been decided on to expedite passage of the government ship purchase bill by the Senate. Chairman Simmons of the subcommittee considering it, announced a final hearing for today to permit New York interests to testify. He hopes to report the bill to the full committee this week.

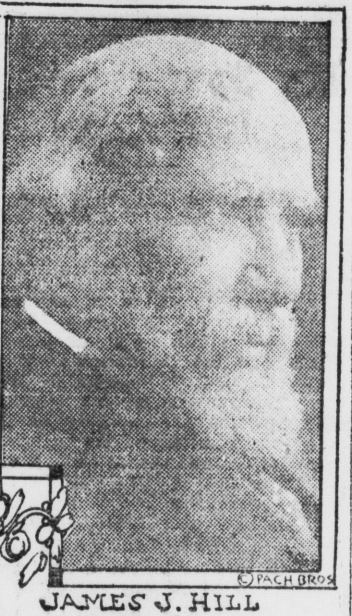

U. S. READY WITH NEW NOTE ON PETROLITE

WASHINGTON, June 20.—A second note to Austria-Hungary regarding the attack by an Austrian submarine upon the American tank steamer Petrolite has been coded at the State Department for immediate transmission to Vienna. It is understood to demand an apology for the attack and reparation for the damage.

LOUIS W. Hill, now forty-four years of age, son of the great empire builder, James J. Hill, will succeed to the work of his father and the control of the great fortune and property the elder Hill built up. The lower picture is that of his father, the late James J. Hill, who recently died at his St. Paul home.

CLUB HOUSE IN THE SAN JUAN CANYON IS PLANNED

E. K. Benchley Asks Permit For Cabins and Make Lake Above the Hot Springs

A club house, half a dozen cabins and a lake in the San Juan canyon a mile above the San Juan Hot Springs are proposed by E. K. Benchley, a banker of Fullerton.

Benchley has applied to the Cleveland National Forest for a permit to establish a private club at a beautiful spot in the canyon at the place where the old ranger station is established. Benchley has asked that he and his associates who want to establish the club be allowed to construct a concrete dam across the creek and form a lake in the canyon bottom. It is thought that the lake as planned will be about 100 yards long.

The spot designated by Benchley in his petition is one of the most beautiful of the many pretty camp sites in the San Juan canyon. About nine years ago when Forest Ranger Stephenson, now of El Toro, was stationed in the San Juan canyon, he picked out this spot for the station. A five-room California cottage and a barn were built. The station has not been used regularly. Under Benchley's plan, the station will be converted into a club house, and the barn into a garage for the machines of the members of the club. He proposes to have half a dozen small cabins erected on the premises that he asks be set apart for the use of the club.

The indications are that Benchley's proposal will meet with the approval of the forest officials. The government urges the use of the forest by the public, and permits for cabins can be secured almost wherever desired in the forest boundaries.

PROBE OF ALABAMA JUDGE'S SLAYING ON

HUNTSVILLE, Ala., June 20.—While a special grand jury investigated yesterday the murder of Probate Judge W. T. Lawler, officers sought Charles M. Nalls, clerk of the Madison County Circuit Court, and B. D. Overton, Lawler's unsuccessful opponent in the recent primary here. Both are said to have disappeared after the finding of Judge Lawler's body Saturday in the Tennessee river.

Percy Brooks, proprietor of a ferry near where the body was found, has been arrested, and two of his employees are held as witnesses.

Sale of Black & Fancy Silks

—Once in a while we put on Silk Specials, just to call your attention to our fine silk department.

—Today, we quote Black Chiffon Taffeta at way below the market value, and will continue these prices until Saturday night.

—These are first quality numbers, taken from our regular stock:

Chiffon Taffeta, \$1.49

—Our regular stock \$1.75 quality, 36 inches wide. These goods are mighty hard to secure, so here is an inducement you should not overlook.

Chiffon Taffeta, \$1.39

—Those who appreciate fine silks will admire the fine texture, soft and lustrous finish of this number. Full yard wide, at special \$1.39.

Sale of Fancy Taffetas at 98c

—Forty-five choice patterns in new silks—taffetas mainly—go on sale at special 98c. These are 24 to 26 inch goods.

—There are some beautiful patterns for waists and dresses, many neat stripes, small checks, with a sprinkling of larger plaids.

—Blues predominate, navy and copenhagen in large assortment, and greens, grays and black and white.

—Low prices on silks now are rare. Make your selection early.

THOUSANDS SEE TEMPLAR HOSTS MARCH IN L.A.

LOS ANGELES, June 20.—Ushering in the opening of the Knights Templar grand encampment, 10,000 followers of the cross and crown, a stately army of modern Crusaders, participated today in one of the most spectacular parades ever held in Los Angeles.

Ten divisions of knights, resplendent in black and white uniforms, plumed hats and with glistening swords at their sides, treaded more than two miles of city streets set aside for the epoch making event. Many were mounted on spirited black chargers.

The marching hosts of Masonry passed through an aisle flanked on either side by thousands of Los Angeles citizens. There were many more thousands fringing the curb than there were thousands in the parade—how many it is impossible to estimate.

At the head of this great column of knights rode Maj. Gen. Robert Wankowski, the grand marshal. He was accompanied by Eminent Sir Freeman G. Teed, chief of staff; Eminent Sir A. S. Abbott, adjutant; Eminent Sir M. T. Owens, quartermaster, and Sir Ralph Hagan, surgeon.

12 SHIPS, ONE DAY'S TOLL IN GREAT WAR

LONDON, June 20.—The Italian steamers Rondine and Tavolara and the sailing vessels Francesco Padre, Era, Antonia V. Annetta and Adelia have been sunk, according to dispatches to Lloyds.

The German steamer Ems, from Christiania for Lubeck, was torpedoed off the coast north of Falkenberg, Sweden, supposedly by a British submarine, says a Reuter dispatch from Stockholm.

TOULON, France, June 20.—The Italian steamer Leprovedita has been sunk in the Mediterranean by two Austrian submarines. The crew was brought here.

LONDON, June 20.—The American steamer Seacomet of Philadelphia from Archangel to London, with timber, struck a mine on Sunday and went aground on the Scroby sands. She has since become a total wreck. The crew was landed at a point.

The Seacomet was a vessel of 2,294 tons gross, 247 feet long, built in 1911. LONDON, June 20.—A dispatch from Toulon to Lloyds states that the British steamer Rona, a steel screw vessel of 1884 tons, owned by the Leith, Hull and Hamburg Steam Packet Company, has been torpedoed and sunk. The message also states that the British steamer Broutchy was sunk by a torpedo.

SECRECY VEIL LIFTED FROM ASTOR WEDDING

BAR HARBOR, Me., June 20.—The veil of secrecy with which Mrs. John Jacob Astor has surrounded her wedding plans was lifted last night.

In an authorized statement Miss Elizabeth Briggs, Mrs. Astor's social secretary, said that "unless there is a change of plans," the young widow will wed William Carl Dick at 2 o'clock Thursday afternoon.

Mrs. Astor will marry the man of her choice despite opposition on the part of her family. Miss Briggs admitted last night that Mrs. William H. Force, Mrs. Astor's mother, has opposed the marriage.

"Mrs. Astor is very much offended at certain newspaper reports respecting her mother's alleged bitter opposition to the wedding," said the social secretary. "Mrs. Force may have said some things about not wanting her daughter married. They were things any mother might have said. But Mrs. Force has said nothing that could have been the basis for such terrible stories as have been circulated."

OCCUPANTS OF CAR ESCAPE INJURY IN TURN OVER

With their machine running fast enough to give it sufficient momentum to turn it completely over when turned suddenly to avoid a collision, Mr. and Mrs. Elmer Preston were last evening thrown to the pavement and escaped without a single injury.

The accident happened a few minutes after 7 o'clock at the corner of First and Broadway. Mr. and Mrs. Preston were driving north on Broadway in their Ford roadster, and as they approached the intersection of Broadway and First they saw a car coming from the west on First street. Having the right of way, Mr. Preston slowed his car down but did not expect to stop. When he saw that the machine coming from the west was not going to stop, he made a sharp turn east on First. The turn was made so suddenly that the car turned over. Mr. and Mrs. Preston were thrown clear. With the car bottomside up the engine continued to run and was stopped by Mr. Preston grabbing the rear wheels and killing it. The windshield was broken, one fender bent a little and the top scratched. It will cost probably \$20 to repair the damage. The machine top was down.

C. C. Frice was driving the car coming from the west. It was a Maxwell belonging to the Crown Stage Company.

If you want fine cakes for any special occasion, give us your order and you will not be disappointed. W. D. Baker, 214 West Fourth St.

CAN'T FORM CLUBS IF HUSBANDS DON'T AGREE

MONTREAL, Canada.—Members of the city council who raised doubts in the council chamber recently that local women could even organize among themselves a club without the consent of their husbands—provided, of course, they had such encumbrances—were not far from the mark, for according to a report which has been prepared by not less a personage than the chief city attorney, C. Laurendeau, married women cannot form organizations without first obtaining permission from the head of the house.

The report, which has been forwarded to the aldermen for their information, came before the board of control.

MR. WILSON, WE SALUTE THEE

"The hyphen must be crushed out. Disloyal activities must be stopped. There is an influence that seeks to pledge us to something foreign to this nation, and while it works underground, it occasionally shows its ugly head in public. We must teach these people that loyalty to our flag is the first test of citizenship."

Standing in the shadow of Washington Monument, and in the presence of 15,000 people, on Flag Day, President Wilson, with flashing eye and set jaw, snapped out the foregoing sentences. And with one accord all true Americans, of whatever race or politics, applauded the man and the sentiments.

Either you are an American or you are something else. Either you believe in and stand for America or you are compelled to line up with some other nation, under some other name.

The hyphenated Americans must eliminate the hyphen and become Americans only. It is unthinkable that a citizen of this great nation, who takes advantage of and profits by our public schools, our equality of opportunity, and our free institutions to make material success for himself, shall be heard to say that his heart is divided in its love and loyalty, that he splits his allegiance. This thing can not be done. "Wipe out the hyphen" is a message that means Americanism, and America for the Americans.

JUNE WEDDINGS

There is nothing in life so sweet as love's young dream, and nothing so sacred as the home-life to which marriage is the flower-strewn threshold. So the Register in all sincerity and with humbly-bowed head says to all June brides and bridegrooms—God bless you, my children; may you live long and be happy!

But there is a very grotesque aftermath for some of these June weddings. The function looks very splendid as reported in the newspapers. It has the approval of church and state, the benediction of friends, the rousing send-off of the celebrators, and the eclat of social glitter. Yet in a year or two the couple may have found themselves uncongenial, and may be seeking a separation on more or less trumped-up grounds.

A mother called to account recently the friends who were bringing in presents for her daughter's nuptials. They had made the mistake, as she considered it, of marking the silver with the prospective married initials of the bride-elect. The mother had an eye to windward. Mark it with the girl's own initials, she said, and they will be good no matter what happens. Thus the divorce court casts its shadow even over the ceremony.

There seem to be a lot of weddings today that are practically "trial marriages." A husband or wife is taken on probation, with the tacit understanding that the thing may not work.

Even people who favor an easy divorce law must admit that it is rough on the children. Every boy and girl needs the development of settled home life and domestic peace. There are certain things that the parents can do for children that no one else can do, and these things can not be done in an atmosphere either of home turmoil or neglect.

A child will have little respect for either parent where one or both of them become mixed up in illicit love affairs. Here is the primary cause of divorces, not drunkenness or desertion or cruelty or the legal charges that appear in courts. A woman knows when her husband's heart has gone elsewhere.

Some of these June weddings might well be postponed a few months until such time as the couple can know their own minds on a permanent basis.

CRADLE OF THE G. O. P.

In the little city of Ripon, Wisconsin, stands a primitive, weatherbeaten schoolhouse. A half century ago it was the common school, church, town hall, and social center of the village; today it is a revered landmark fraught with historic significance. For it was in this little old building that the Republican party was born and christened early in 1854. Public-spirited citizens have purchased this "cradle of Republicanism," and, appropriately marked, the school adorns the campus of Ripon College.

The city of Ripon also claims the only survivor of the birth-party of the G. O. P. He is Amos Loper, ninety-two years of age. His stepfathers and

his voice quavers, but every year he hobbles to the landmark where he and his fellow-citizens celebrate the birthday anniversary of the great movement which eventually rent the nation and purged it of its blackest curse.—"The Birthplace of the Grand Old Party," James H. Skewes, in National Magazine for June.

"WE WOULD BE A POET"

Tustin, Cal., June 18, 1916.
Santa Ana Register,
Santa Ana, Cal.

Dear Sir: We would like to be a poet, Carolyn Busey and I. We are sending these poems for you to publish if you will. "The Year" is by Ida Holford, "Spring" is by both of us. If you want us to write any more please tell us.

We are 12 years of age, and have sent many poems to other papers. Yours sincerely,
IDA AND CAROLYN.

The Year
January, the first month of the year,
The trees are still snow covered;
The birds are still in their huts we hear,
But close in their nests sit hovered.

February, the second month you know,
The leaves have begun to shed the snow;
The rain still falls from the heavens above,
And He who sends it is the one we love.

March is in the springtime, dear;
The snow has left, the skies are clear;
The trees are green and the birds are singing,
But everything's happy during months of spring.

April is in the springtime, too,
Of course the skies are always blue;
The children study their books at school,
The first of that month is April fool.

May is the last of springtime, dear;
Next is summer so hot and drear,
I think the spring is best for me,
For summer is long and hot you see.

June is the first of summer, long,
But still the birds sing that merry song;
School is out, that's the best news of all—
I won't have to go, no more until fall.

August is dreary, weary, and long,
The birds still sing their merry song;
I see them down by the swimming pool,
Next month is the first or beginning of school.

September is the beginning of fall;
I see their shadows upon the wall,
We work all day until half past three,
Then come along home so willingly.

October, the apples are ripe in their bins,
I see little chicks, and the old mother hens,
They eat in the barnhouse, they eat in the yard,
They eat up the apples, and is not very hard.

November, the turkeys are fat and plump;
Cranberries taste like sugar lumps;
Turkeys are set on the table with care,
But not for Old Lady and Old Man Bear.

December comes back to winter cold,
Where the snow lies heaped on the ground,
But far on the table sits a turkey bold,
When Old Santa comes around.

—IDA L. HOLFORD.
Springtime
When the grass is long and green,
And the birds begin to sing;
When the wild flowers bright are seen,
Then we know that it is Spring.

When the lambs frolic glad and gay,
And the doves coo sweet and clear;
When the brooklets laugh with play,
Then we know that Spring is here.

—CAROLYN BUSEY.
The Drunkard
I stood at the bridge one midnight,
As drunk as a sun of a gun;
Two moons rose over the city,
When there only should of been one.

Two moons rose over the city,
When there only should of been one—
I stood at the bridge one midnight,
As drunk as a sun of a gun.

—By I. H. and C. B.
The Editor's Answer
Dear Little Girls: I am publishing your verses because I think them very good for twelve-year-old girls, and because I want to encourage you to study and practice writing—not only verses, but essays and plays and news stories and even editorials. But a paper like the Register has to publish so much about war and politics and Judge Thomas and Judge Cox and the Board of Supervisors and the Taxpayers' League and the City Trustees and the North Main street franchise and—Oh so many other matters and things, that it can't spare much space for poems.

Of course you and I know that poems are much more interesting than anything else, but most other people don't know that, so we have to humor them and print all about everything—even if it isn't very interesting—so they won't stop their papers.

But you keep right on writing poems, and send some of them to the "Generator" and some to the "Ariel" and some to the "George Junior Republic," at Chino, Calif., and some to the "Youth's Companion" and some to the "American Boy"—and then when you are 15 years old write some more poems for the Register, and show the people of Santa Ana and Tustin how much you have improved in your writing.

Very sincerely yours,
EDITOR OF THE REGISTER.

TINPLATE WORKS IN McKEESPORT LARGEST ANYWHERE IN WORLD

McKEESPORT, Pa., June 20.—Already possessing the largest tin works in the world, McKeesport's prestige as a big mill center will be materially increased before the end of June when more new tinplate mills that have been under construction for months, are completed, giving McKeesport by far the largest tinplate works in the world.

The combined plants will then consist of forty-four mills. The next largest tinplate works consists of thirty-two mills. It also is located in Western Pennsylvania.

The cost of the new mills and a power plant will be \$2,200,000, making the cost of the whole plant about \$5,000,000. The plants now employ 160 men and women. When the new mills are all in operation the working force will be about 3,000.

The capacity of the works will be 4,000,000 boxes of tin a year, which is over half of the tinplate production of the country and valued at \$18,000,000 to \$20,000,000. The payroll will be \$3,000,000 a year.

Tinplate business is fine.

MINNESOTA MAY ORDER MILITIA CONSCRIPTION

ST. PAUL, Minn., June 20.—Conscription may be forced upon Minnesota men capable of bearing arms, to recruit the Minnesota National Guard to full war strength.

The Minnesota military code provides for enrollment of eligible arm bearers, with the taking of each census.

High military authorities today said they considered this clause sufficient ground for forcing Minnesota men to enlistment. The matter may be brought before the state supreme court for a test.

Activity in recruiting is due to the disbanding of four national guard companies and threatened disbanding of several others, due, it is said, to inefficiency and the fact that the guard is below peace strength.

Mr. Sweet's Objection Is Sustained

"I have no objection," said L. A. Sweet, today, "to being referred to as an associate of S. J. Jackman; but I see no justification for saying Tom Talbert was requested to resign by one Jackman and his associate, L. A. Sweet. That statement was made in the Huntington Beach section of last Friday's Register. "The request for Mr. Talbert's resignation was made by the Taxpayers' League and not by any individual, and was signed by S. J. Jackman, president, and L. E. Smith, secretary."

Mr. Sweet is correct. There was no occasion to use his name in the article to which he refers. The excuse offered by the writer of the article is that Mr. Sweet's name was so frequently used in newspaper articles in connection with that of Mr. Jackman that he had the impression that Mr. Sweet was secretary of the Taxpayers' League.

GIRL, 19, WEDS; STATE'S FIRST 'WAR BRIDE'

SAN BERNARDINO, June 20.—California's first war bride was married yesterday. Miss Jennie Molner, aged 19, is the girl whose husband may soon be somewhere in Mexico. Private Harry Hanson, aged 28 of Company K, is the groom. The marriage was held here yesterday afternoon, a few hours after Hanson had received his orders.

"It is every girl's duty who is in love with a soldier to marry him before he goes to the border," said Mrs. Hanson. "We did not plan to be married for some time yet, but I wanted it to be so that he had some one at home."

A group of militiamen escorted the couple to the office of the justice of the peace for the wedding ceremony.

Switches made from combings, one stem, \$1. Mrs. Cavins, 106 1/2 W. 4th.

DRINKING NOT CURBED IN ENGLAND THROUGH HIGH PRICES, BAN

LONDON, June 20.—High prices and drastic restrictions have done little if anything to curb drinking in England. Some authorities say there has been an increase.

There has been much controversy over this question. Advocates of rigid regulation or of total prohibition maintained the new rules has made the country more sober. Their opponents denied it.

The United Kingdom Alliance, a neutral organization devoted to the compilation of all sorts of social statistics which the country supposedly ought to know, has finally submitted to definite figures.

Before the war the "pubs"—saloons—were open nineteen and a half hours daily, from 5 a. m. until 12:30 a. m. Today they are open five hours and a half daily.

No intoxicants may be sold before noon; none between 2:30 and 6:30 p. m.; none after 9:30 p. m.

Treating also has been strictly prohibited. These regulations are enforced energetically.

GOETHALS, CANAL ZONE HEAD, WANTS TO QUIT

WASHINGTON, June 20.—Major General George W. Goethals has conferred with President Wilson at the White House over prospects of his being relieved as governor of the Panama Canal zone.

"I have not resigned, but am anxious to retire," General Goethals said. "The question is still unsettled."

General Goethals stated that in his opinion all danger of further slides in the canal had been removed.

J. A. FARRELL HOME IS BURNED WITH \$150,000 LOSS DURING WEDDING

SOUTH NORWALK, Conn., June 20.—While wedding guests were making merry yesterday at the summer residence of James A. Farrell, president of the United States Steel Corporation at Rock Ledge, Belle Isle, fire started in the kitchen and destroyed the structure, causing a loss estimated at \$150,000. Mr. Farrell's daughter, Miss Mary Theresa, had been married earlier in the day to Joseph B. Murray of Brooklyn, N. Y.

The wedding breakfast was being served to sixty guests when the fire was discovered. Firemen worked for half an hour before the party was aware of the danger. When smoke finally poured into the dining hall, the guests and servants removed the wedding presents, valued at \$50,000, to safety. Only a few paintings and pieces of antique furniture were saved.

HUNT RATTLESN, MAKE LIVING IN MINNESOTA

WINONA, Minn., June 20.—Hunting rattlesnakes is becoming a popular sport in and near Winona.

Several men are following the hunt of the deadly serpent as a profession and are making a living at it.

The snakes are numerous. A live snake on the Winona market today is quoted at 90 cents per pound.

The bounty for the hisser is 50 cents, and rattle snake oil is used for medicine.

The average snake weighs five pounds, making \$5 the average wage. Some catchers get several snakes a day.

INDIANA MAN'S EXPERIENCE

—Frank Moseley, Moore's Hill, Ind., writes: "I was troubled with almost constant pains in my sides and back and attributed it to weakening of my kidneys. I got a package of Foley's Kidney Pills. Great relief was apparent after the first doses and in 48 hours all pain left me." If you have rheumatism, backache, swollen, aching joints or stiff, painful muscles, why not try Foley Kidney Pills? They stop sleep-disturbing bladder ailments, too. Rowley Drug Co.—Advertisement.

'PREPARE' MOUTHS OF 20,000 FOR DEFENSE LINE, DENTISTS' AIM

BUFFALO, N. Y., June 20.—The Preparedness League of American Dentists, with headquarters in this city, has opened a registration bureau in the hope of enrolling twenty thousand dentists who will each agree to prepare, free of charge, the mouth of at least one applicant to meet the requirements for enlistment in the army, navy or marine corps, and subject to such rules as shall protect them against imposition.

The standard of enlistment for the United States marine corps requires the applicant to have at least twenty sound teeth, with four opposed molars and four opposed incisors. Properly filled teeth are considered as sound, and that many men are now rejected for defective teeth will be saved to the "First Line of Defense," by the patriotic members of the Dentists' Preparedness League, is the belief of League officials.

Dr. J. W. Beach, of Buffalo, is chairman of the registration committee.

EDUCATION COST IN U. S. IS ON INCREASE

NEW YORK, June 20.—The cost of education is on the increase, according to the annual report of the Carnegie Foundation for the Advancement of Teaching, which has been made public. During the ten years the foundation has been in existence tuition at various colleges, universities and private schools has been raised about one-fifth.

70 BANDS MARCH IN KANSAS CITY PARADE

KANSAS CITY, Mo., June 20.—Seventy bands marched today in the preparedness parade here. One band was provided for every 500 marchers. It required several hours for the parade to pass the reviewing stand.

Original plans called for the parade Memorial Day as a part of the reception to Colonel Roosevelt, but it was postponed after the dry of "politics" had been raised.

"GREEN STOCKINGS"

Senior Class Play At Temple Theater Draws Large, Appreciative Audience

The Senior Class of 1916 presented the class play, "Green Stockings," at the Temple Theater last night to a large and appreciative audience.

The seniors have every reason to be proud of their performance for the play was effectively given and each member of the cast was absolutely letter-perfect. It is seldom, indeed, that the first night, even when professional form the cast, is perfectly free from stumbling or hesitation, but last night's performance was a brilliant exception.

The participants were extremely well chosen. Miss Claire Loerch, as Celia Faraday, who was supposed to be a confirmed spinster, was splendid in the part, though far too pretty to convince anybody that it was her unattractiveness that had left her unmarried so long.

Perhaps the most natural bit of acting was that of Celia's little Miss Cecile Fross, as Phyllis Faraday. Miss Fross has a sweet contralto voice that is well known and liked here, and she has also a rarely charming speaking voice with good carrying power. She was altogether convincing as the frivolous, lovable little sister, and her pretty concern over Bobbie's election was delightful.

Miss Elizabeth Shepherd made a dignified and graceful "Aunt Ida" and looked most attractively youthful, despite her powdered hair and matronly air.

Miss Helen Carden was billed as "Lady Trenchard, a pretty young matron," and the description was particularly apt, her fair and delicate beauty fitting the part of the young Englishwoman perfectly. Miss Margaret Flag, as Mrs. Rockingham, a fashionable widow, also lived up to her description nobly. She is a tall and most attractive brunette, a type contrasting effectively with "the pretty matron" of Miss Carden.

The men in the cast were no less convincing than the girls. Keith Davis and David Anderson made extremely good-looking young society chaps and Raymond Keeney as Admiral Grice, and Charles McClain as William Faraday gave perfectly good accounts of themselves. Robert Farver, described as "an empty-headed young swell," was in the capable hands of Gordon House, who certainly did himself proud in the part, and with Cecile Fross furnished most of the evening's fun. Glenn Moore gave a first-class portrayal of Col. Smith, and his convincing story of his perilous adventures in Somaliland savored strongly of Othello, and no doubt the resemblance went a long way toward winning the lady of his heart.

Martin, the dignified butler, was played with gray mutton-chop whiskers and an English accent, by Glenn Sturdevant, who, as a member of Company L, acquired a bit of extra interest, since he is now under marching orders from Uncle Sam.

The play was given under the capable direction of Ernest Crozier Phillips, the settings were beautiful and the gowns worn by the ladies in the play were most charming. The high school orchestra, under the direction of Miss Mary Ely, played four numbers during the evening, giving the Zampa overture by Herold; Chame d'Armour by Kendall, Serenade, Pienne and a Gavotte from "Stephanie" by Czibulka.

The play will be repeated this evening at the Temple and commencement exercises will be held tomorrow evening at the First Methodist Church.

KITCHEN SHOWER

Miss Anderson, Treasurer of Young Woman's Auxiliary, Honored Last Evening

The Young Woman's Foreign Missionary Auxiliary of the First Methodist Church held a very enjoyable party at 301 South Birch street, The Fitz at 301 South Birch street. The home was prettily decorated with pink and white sweet peas and carnations. Music and missions formed the program topics and a most interesting paper on "Oriental Music and Music in the Mission Schools" was given by Miss Cynthia Schalekamp.

After a short business session, the meeting was turned into a kitchen shower in honor of the society's treasurer, Miss Hattie Anderson, whose marriage is to occur this month.

Miss Anderson was requested to tell by feeling the outside of each package to what use she would put the article inside and there was much merriment as the many useful gifts were disclosed.

When the last package had been opened, Mrs. Hale read, "Their First Quarrel" in a manner highly appreciated by all present.

Refreshments of strawberry ice cream and macaroons were served by the hostesses of the evening, the Misses Ursula and Irma Lee.

CHATT 'N SEAU CLUB

Miss Mildred Britton Hostess At Merry Meeting Yesterday Evening

The Chatt 'N Seau Club held a very delightful meeting last evening at the home of Miss Mildred Britton on South Sycamore street, the hours speeding rapidly away with animated chat, music and the usual fancy work. The members were all present but Miss Alice Huntington, who was kept away by illness.

Late in the evening Miss Britton called her guests to the dining room, which was prettily decorated with heart-shaped and asparagus ferns, the rich-hued blossoms being scattered over the cloth and fashioned into individual nosegays at each cover with cards to assist the guests in finding their places.

A dainty two-course collation was served after which the members separated to meet the next time with Miss Esther Fluor.

Besides the new member, Miss Irene Crumer, who was initiated last night, there were present Misses Mildred Britton, Esther Fluor, Emily Lykka, Helene McNeill, Mena Miller, Edna Meyer, Lucy Stephens, Mamie Tucker, Grace White and Gertrude Potts.

Picnic Lunch For Cast

Following a full dress rehearsal of the high school class play Saturday morning, the cast of characters was entertained at a delightfully informal picnic lunch at the home of Mr. and Mrs. Ernest Crozier Phillips, the former being the director of the play, which is proving one of the best in the high school history.

The Phillips' home was gay with golden columbine and yellow dahlias, and following the jolly meal, the company sang and talked during the afternoon.

Besides Mr. and Mrs. Phillips, and Ralph Brett of Tustin, the members of the cast present were Misses Claire Loerch, Margaret Flag, Helen Carden, Elizabeth Shepherd, Cecile Fross, Glen Moor, Charles McClain, Raymond Keeney, Keith Davis, David Anderson, Glen Sturdevant, and Gordon House.

Missionary Meeting

The literary meeting of the Woman's Missionary Society of the M. E. Church South will be held Wednesday afternoon at 2:30 in the church parlors.

L. T. L. Meeting

The L. T. L. will meet at 2 p. m. tomorrow in the Washington school building. All children are urged to be present.

SURPRISE FOR MATRON

Miss Martha Whitson, Head of Eastern Star, Given Beautiful Birthday Gift

Hermosa Chapter, Order of the Eastern Star, enjoys many delightful occasions and does many charming things for its members, but it seemed to all who attended the meeting yesterday evening that the spirit of harmony and of fraternalism was never more apparent.

Considering the many other attractions, there was a good attendance and during the business session, a pleasant feature was the presentation of a fine May pole to the chapter by Mrs. H. Clay Kellogg, which was highly appreciated by the members.

An annual event at the chapter is the children's entertainment, at which the May-pole dance is always given, but the Star has never owned a pole.

Following the meeting, adjournment was taken to the banquet hall above stairs, where beautiful yellow and white decorations had been carried out with Shasta daisies and ferns. It had been ascertained that the birthday of the popular Worthy Matron, Miss Martha Whitson, would occur June 22, so yesterday's being the nearest meeting night, a surprise for her was planned.

The officers took the affair in charge and planned the following: Selections on the Edison phonograph, Mrs. Mary Bruner gave two pleasing readings from Ella Wheeler Wilcox, two delightful numbers written by James Whitcomb Riley in humorous strain, given by Miss Flossie Zerman and a fine toast given by Mrs. Arthur Pease, junior past matron on "Our Birthdays."

A. N. Zerman, the Worthy Patron, then stepped forward and in a pleasant little speech, presented Miss Whitson with a handsome cameo brooch bordered with pearls, the gift of the officers of the chapter.

Although completely taken by surprise Miss Whitson made a most feeling response and then took part in the surprise herself by presenting Mrs. George Balderston, a past matron, with a magnificent bouquet of La France roses, as her birthday occurred on Monday. The program concluded with a brief and happy speech by Worthy Patron Zerman.

Miss Claramae Wilson in Recital

On the evening of Monday, June 26, at the First Christian church, corner of Sixth and Broadway, Ruth Dear-dorff Shaw will present her artist pupil, Miss Claramae Wilson, in a piano recital. Miss Wilson will play an all McDowell program. The affair will be complimentary and the public is cordially invited.

STAG DINNER

Clyde Files Complimented By Baraca Class Last Night At James' Gold Room

The Baraca Class of the First Presbyterian Church gave a very delightful stag dinner for Clyde Files last evening at James' gold room, the occasion being the last courtesy of the class for the popular member before he casts off bachelorhood for the joys of matrimonial bliss. The marriage of Mr. Files to Miss Kate Kelly occurs tomorrow.

The tables were prettily adorned with graceful pink and white gladioli and three delicious courses were served the young men, who numbered fourteen.

Dixon Tubbs acted as toastmaster and all the guests gave Mr. Files most timely advice. A. M. McDermott also gave a talk.

The "bunch" then insisted upon escorting Mr. Files to his home, although he attempted escape by taking a devious route to lose them. He was, however, finally deposited safely at his domicile.

Ladies' Aid Meeting

The Ladies' Aid Society of the First Presbyterian Church will meet in the church parlors tomorrow at 2:30.

Mrs. Sadie Nourse Welton, returned missionary from Korea, will give a talk on the life of the Korean women and her children will dress in costume and demonstrate the method of service.

MAY'S WONDERFUL REMEDY

VANDERMAST & SON

THE HOME OF GOOD CLOTHES FOR MEN AND BOYS

ing and dining in Korea.

The delegates from the Federated Aid Society of the Los Angeles Presbytery will give reports of the meeting recently held in Los Angeles.

This will be the last meeting before the summer vacation and a full attendance is desired. Refreshments will be served.

Personals

Mrs. Grace Clemons of Chicago, cousin of Mrs. Alva J. Padgham, is a guest of Mr. and Mrs. Padgham. She will be in California all summer.

Mr. and Mrs. A. L. Adams, son Lawrence, and daughter, Emma, are here from Santa Clara upon a visit to Paul Anderson and wife.

Mr. and Mrs. Samuel Davies and son, Newell, of Berkeley, are in Southern California. Mr. Davies attending the Knights Templar convocation. Mrs. Davies and her little son are here, guests of Mrs. Davies' aunts, Mrs. A. E. Wood, Mrs. J. R. Medlock and Mrs. M. F. Heathman. They will remain a week.

Miss Margaret Campbell of Ontario, who has been visiting her cousins, the Misses Gowdy, returned to her home this morning, accompanied by Miss Sarah Gowdy.

Rev. S. R. Gittins left this morning for San Francisco, where he will spend a week.

Mr. and Mrs. Asa Vandermast were morning travelers to Los Angeles. Mrs. Frank Ely was a morning passenger over the P. E. to Los Angeles. Mrs. C. A. Riggs was among Santa Anans in the Angel City today.

R. C. Peterson made a trip to Los Angeles today.

Will Burdick of Fremont Valley, Cal., who has been visiting friends here, left for home this morning.

Mrs. G. H. Dobson was a morning passenger out of town today.

Miss Irene Robinson arrived yesterday afternoon from Monterey, where she has been teaching in the high school. She will teach in the intermediate school next year, taking the place vacated by B. F. Beswick, who goes to Tustin.

S. A. Milligan and wife of 1246 West Fifth left for Long Beach today for a few weeks' stay. Mr. Milligan has been in poor health for some time and is going to the Beach in the hope that he will improve.

Mr. and Mrs. Arthur McFadden have returned from spending commencement season at Pomona College, attended by a number of Santa Ana people.

Mr. and Mrs. O. G. De Moss spent the week end in San Diego, making the trip by automobile. They left Santa Ana Saturday morning and returned last evening. While in the Southern city they enjoyed the beauties of the fair.

Miss Margaret Robertson, daughter of Dr. and Mrs. H. M. Robertson is home from Pomona College for the summer.

ROUND ROBIN TENNIS

The city teachers are planning a round robin tennis tournament for this week and are inviting the townspeople, who like this sport, to enter for the various events. Any who wish to enter are asked to call E. E. Chaffee, at 3111.

The "silver grays," Prof. J. A. Crans-ton and Prof. W. M. Clayton, challenge anybody in Santa Ana over fifty years of age, to play against them. It is planned to play every afternoon this week.

AMUSEMENTS

Smuggled War Picture Film

A film smuggled into the United States, and for which \$122,000 was paid for California state rights, is a big feature put on today at the Lyric Theater, and which promises to have a record run in this city. Owing to the great demand for seats, the management has arranged to give continuous performances tomorrow afternoon and evening, starting at 12 o'clock noon tomorrow. The attendance was very large this afternoon, and a repetition of the afternoon success is expected tonight.

"The War of the Powers" is the title of the film. It contains five reels of real scenes in the great war across the waters. It was produced by the Eiko Film Company of Berlin under the direct supervision of the general staff of the German Imperial government. It is reputed to be the only authentic moving picture film of troops in actual battle. The film was taken by special permission of the German general staff, the proceeds from which go to the crippled soldiers' fund. It is being presented in the United States under the direction of the New York Staats Zeitung.

Scenes in the great European struggle are shown as they actually took place.

To place before the people of this city a film of this character at 5 cents admission, shows a spirit of enterprise by the management of the Lyric which is commendable.

Every moving picture fan in the city should embrace the opportunity offered to witness this production.

At the West End

Another star has been added to the Paramount Program. Last night at the West End Theater, Miss Oneta Buckley, well known Santa Ana singer, made her debut before a very appreciative audience.

Miss Valentine Grant appeared in "The Innocent Lie." The part of Nora O'Brian, which the star plays, suits Miss Grant perfectly.

It is predicted that she is a coming favorite with the West End patrons. Miss Buckley has a beautiful contralto and her selections were much appreciated by the audience. She will sing tonight and tomorrow night.

"Green Stockings"

The Senior Class of the High School will this evening put on the popular comedy, "Green Stockings," at the Temple Theater. This play has been a decided success throughout the East, having had a long run in New York City with Margaret Anglin in the leading role. The cast has been well chosen and no pains have been spared in making the production a thoroughly artistic success. The setting is very beautiful, due to the fact that the Temple Theater has spared no money in selecting its scenery. Horton & Spurgeon have been most generous in their contribution of elegant furniture.

Mr. F. D. Leonard took several pictures of the cast. The comedy requires an English setting. This was obtained through the courtesy of Mr. H. C. Twist, who graciously invited the cast to his home, thereby supplying the required atmosphere for the picture.

The seats are selling rapidly and no one who has the opportunity can afford to miss this sparkling comedy. A few seats may be secured at the box office of the theater this evening. The play will start at 8 o'clock. Those coming in after that will be required to wait until after the first act.

Mrs. E. Codling, deaconess of the Pentecostal Church of the Nazarene, Santa Ana, has made the following report of her work for the last year:

Clothing given to the needy, 1787 pieces; bundles, 222; value of same, \$337.99. Shoes given to needy, 210 pairs; given to the needy, 1 rug, 5 quilts, 3 mattresses, 7 blankets, 1 couch, 8 fruit jars, 2 carpets, 5 comforters, 6 cans of vegetables, 1 pr. lace curtains, 1 stove, 1 Bible, 10 pounds of dried fruit, 1 box couch, 1 trunk, 30 hats. Calls made, 244; religious papers distributed, 1002; children brought into Sunday School, 7; cash received for the work, \$15.73; cash paid out for the work, \$16.38.

BABY SHOW BOOSTERS

Lieut. Bryan, U. S. N. stated before the Am. Soc. of Naval Engineers: "Oils made from the asphalt-base crudes have shown themselves to be much better adapted to motor cylinders, as far as their carbon-forming proclivities are concerned, than are paraffine-base Pennsylvania oils."

Zerolene is scientifically refined from selected California crude— asphalt-base. Highest competitive awards, San Francisco and San Diego Expositions. For sale by dealers everywhere and at service stations and agencies of the Standard Oil Company.

ZEROLENE
the Standard Oil for Motor Cars

RECENT statistics show that the number of women bank depositors is steadily increasing. It is a healthy sign of business conditions. There was a time when the number of women depositors was practically nil. With the advent in the business world of so many women it was assured that the number of female depositors would show an increase.

Women are inclined to be more thrifty than men. Thrift and banking go hand in hand. Many women in this community have bank accounts. To those who have not this appeal is made. Open a bank account today. Once having opened it, add to it. Watch it grow. You'll like the experience.

WE'LL BE GLAD TO EXPLAIN OUR BANKING SYSTEM.

PACIFIC ELECTRIC RAILWAY CO., E. T. Batty, Agt.

CITY WILL OWN DISTRIBUTING GAS SYSTEM AT BEACH

Trustees Awaiting Fixing of Price By State Railroad Commission

HUNTINGTON BEACH, June 20.—The city of Huntington Beach, through its city trustees has placed itself on record as determined to own its own municipal gas distributing system. The railroad commission, having previously refused to allow the gas company the privilege of discontinuing its service, that company was willing to dispose of its holdings. But the city and the company were not able to agree upon a price for the system.

The railroad commission would not take the matter up until the city would obligate itself to accept the estimate placed upon the system by the engineer of the commission. Accordingly the action was taken and as soon as a report is made the city will become the owner of the system. As gas bills are already payable at the city hall this will not make much difference to the public. The chief difference, for the time being, will be the increase in the gas rate from a dollar or less per thousand feet to \$1.50 per thousand feet. The city of Newport Beach will continue to furnish the gas to the city limits at the rate of \$1.50 per thousand.

C. D. Heartwell recently discovered in an old tub which had not been used for a long time, several ears of popcorn grown in Hastings, Neb., sixteen years ago. The corn was placed in a popper and heat applied, with the result that practically every grain popped. Mr. Heartwell has now planted some of the corn to see whether or not it will germinate. Mr. and Mrs. Heartwell brought the corn to California when they moved here sixteen years ago.

C. E. Hammond has accepted a position as prescription clerk at Rigdon's pharmacy.

Mrs. Helen Lockhart has bought the two-story frame house on Fifth street adjoining the City Fuel and Feed store. The property belonged to Mrs. Lindgren, formerly a resident here but now residing in Chicago.

Charles G. Stover has moved his bicycle shop from Third street to Main street, between Walnut and Olive, the room formerly occupied by the West Coast Gas Company.

Novua Masuda, a two-year-old Japanese boy, who died at Wintersburg last Saturday, was buried early this week by Undertaker C. S. Bandschuh at the Huntington Beach cemetery.

A merchant's organization is being considered by the business men of Huntington Beach. It organized it will probably be on the plan of the Merchants and Manufacturers' Association of the larger cities.

The Olson building on Main street is progressing well. The outside walls have been almost completed.

Crusaders representing the movement for California dry have been working in Huntington Beach the past week meeting with a generous response financially.

Mrs. S. F. Dickinson of Los Angeles, mother of Mrs. F. H. McElfresh of this city, died Sunday and the body was taken to Colorado Springs for interment beside that of her husband.

Fifty-one members were taken into the Methodist church last Sunday by the pastor, Rev. Robert John Coyne.

Rev. J. W. Towry of the Christian church took for his subject Sunday, "Foolishness of God."

J. Art Insley and Al Christie, civers from Redondo Beach, have been working here for the past week with a view to lowering the outfall sewer pipe of the Holly Sugar Company at Twenty-third street. Insley is a former resident of Huntington Beach.

Rev. E. Guy Talbot preached at the Methodist church Sunday morning. Rev. Wesley K. Beans preached in the evening.

Mrs. G. Clifford Findlayson has returned from the hospital where she has been for some weeks.

Mrs. George Hall is at the bedside of a sister in Inyo county. Mr. Hall and family have removed from their home here to a ranch near Newhope school where he will engage in the ranching business. Mr. Hall has been janitor at the high school the past two years.

Miss Mabel Biorch is spending her vacation in Yosemite Valley.

Will Tolson came over from Torrance Sunday for a visit with relatives and friends.

Hilton Kerr is spending a vacation of two weeks with Curtis Tolson at Torrance.

Miss Jean Wilson, English teacher in the high school, has gone to Hollywood, whence she will leave in a few days for Ohio, where she will spend the summer.

Leon B. W. Olds, commercial teacher in the high school, has gone to New York city for the summer. He intends taking a short course in Columbia University.

Charles Warner has returned to Berkeley for the summer school.

Miss Clyde Gleaves of the high

BECAUSE the men barbers of France are in the trenches the women nurses in the hospitals have found it necessary to learn how to shave their patients. This photograph shows two at work on a wounded soldier as he is propped up in bed.

school faculty has left for an extended visit in Ohio.

L. G. Mosher of Santa Barbara has returned to his home after a visit with Mr. and Mrs. Harry D. Jackson. Miss Ruby Van Winkle of Hollywood attended the high school commencement exercises Thursday evening.

Miss Helen Linn came down from Pomona College to attend the high school commencement.

Mr. and Mrs. H. R. Thomas of Los Angeles have taken the A. C. Burrows house on Eighth street.

Mrs. H. Luella Umlauf has been at San Diego in attendance at the state convention of the Woman's Christian Temperance Union.

The mission circle of the Baptist church will meet at the home of Mrs. H. T. Sundbye next Wednesday afternoon.

Mr. and Mrs. C. S. Scoles, who have been visiting with Mr. and Mrs. H. D. Jackson, have gone to Los Angeles for a visit with a sister of Mrs. Scoles.

E. L. Warner of the San Bernardino Sun was a visitor in Huntington Beach last week.

L. B. Stearns came over from Yuma, Ariz., to be present at the graduation of his daughter Ruby, who was one of the high school class.

Mr. and Mrs. Ethan Cole entertained at Sunday dinner for Mr. and Mrs. George Gordon and three children, Mrs. Landis Correll, all of Sutherland, Neb., Mr. and Mrs. Scofield of Covina, and Mr. and Mrs. Seeargeant of Long Beach.

Mr. Verne B. Brown, head of the English department of the Kern County High School at Bakersfield, has been visiting friends and relatives in Huntington Beach. Mr. Brown formerly taught in the high school and was later principal of the grammar school.

Rev. and Mrs. Robert John Coyne celebrated their twenty-second wedding anniversary on Wednesday. They were married in St. Paul, Minn., in 1894.

Mrs. Mary A. Wuppermann and three children have arrived from Yuma, Ariz., and will spend the summer here. They are residing on Lake avenue. They came by automobile, via San Diego, where they visited the exposition.

The Loyal Borean Class of the Christian church elected officers at its last regular meeting, held at the home of Mr. and Mrs. W. A. Double. The following were elected: J. O. Geary, president; Mrs. J. W. Walker, vice-president; Mrs. J. W. Towry, secretary-treasurer; Rev. J. W. Towry, class teacher; J. O. Geary, assistant teacher.

The executive committee of the Woman's Club met Saturday afternoon at the home of Mrs. J. O'Brien for the purpose of completing the plans for a program to be given next year, extending through the year. The program will be printed and it is expected that it will be ready for distribution on the date of the annual "High Jinks" which will be held this year at the home of Mrs. H. L. Heffner at the ranch house.

Mr. and Mrs. L. N. Clippinger have removed to Banning in order to be with their daughter. Miss Frances Clippinger, who has been at Banning for several weeks on account of her health. Mr. Clippinger exchanged properties with H. H. Campbell, the new principal of the grammar school, who taught at Banning last year.

Miss Bessie Day gave a shower in honor of Miss Hazel Gearhart, who was soon to wed Mr. William Newland, Jr., at her home near the sugar factory on Saturday. The house was beautifully decorated, golden crapepops predominating in the flower scheme. The colors used were gold and white. Refreshments were served to the following: Miss Hazel Gearhart, Mrs. T. Newland, Mrs. C. A. Johnson, Mrs. Joseph Vavra, Mrs. M. A. McCreery, Mrs. H. H. Day, Mrs. G. A. Shank, Miss Frances Newland, Miss Mabel Young, Miss Helen Newland, Miss Della Young, Miss Bernice Newland.

On Monday evening Frederick Charles Edwards and Miss Bessie Marie Metz gave the choir of the Methodist church a surprise by breaking in upon that organization in the midst of their practice and presenting themselves before the pastor to be joined in wedlock. The organist knew what had been planned and broke off from the music of the anthem into a wedding march.

Mr. and Mrs. Edwards left at once for Los Angeles. They will return in a few days and live on Eighteenth street until their new home near Seventh and Palm is completed.

W. D. Baker's home-made cakes are equal in richness and texture of those made by the most painstaking housewife. All who try Baker's cakes become regular patrons. W. D. Baker, 214 West Fourth St.

Dr. Jacobs, Santa Ana Painless Dentist, 102 1/2 East Fourth, Phone 253.

CROWDED HOUSE AT GRADUATION HIGH SCHOOL STUDENTS

HUNTINGTON BEACH, June 19.—The commencement exercises of the class of 1916 of the Huntington Beach Union High School passed off successfully with a crowded house. All of the regular seats of the assembly were used and about one hundred additional seats were brought in to accommodate the audience. Had it not been for the fiesta in Santa Ana the same evening, the crowd would still have overflowed the room's capacity.

The valedictorian of the class, Miss Estelle Vanduff, gave a remarkably fine oration. The salutatorian spoke almost as well, taking for his subject, "Efficiency." Charles Decker gave an oration. Miss Amy Helme gave a piano solo. Misses Hazel Adams and Esther Brainard gave a piano duet. The boys of the class gave a musical number as did also the girls and there was a mixed chorus of both boys and girls.

Miss Vanduff was chosen valedictorian because her scholarship rank was the highest in the class. Miss Amy Helme stood second and Miss Dorothy Kozina was third.

The diplomas were presented by the President of the Board, Dr. S. G. Huff. Harry Junper, class president, on behalf of the class presented a fine silver trophy cup to the school to be used as a perpetual trophy engraved each year with the name of the class standing highest in points in competitive contests.

The floral offerings were very beautiful indeed, the bouquets being brought in and presented by the girls of the Junior class.

The High School alumni, including the graduates of this year's class enjoyed a picnic at Orange County Park on Friday afternoon. The school bus took a part of the crowd and many had their own conveyances. About forty of the one hundred and twenty-two alumni were present. The new graduates were called the Freshmen of the crowd and were compelled to bring the firewood for the big bonfire around which the crowd gathered in the evening for an informal program.

A DELEGATION OF WOMEN

were intensely interested when they recently visited the Pinkham Laboratory at Lynn, Mass., and saw the extreme cleanliness and purity which prevail in the preparation and storing of Lydia E. Pinkham's Vegetable Compound, as well as of her other medicines. An hour is required to go through so large an establishment. One thing which struck the visitors was the great number of files containing the letters of women who told how much the famous Compound had done for them. Only part of them are published, and no letter is ever published without the writer's permission.—Advertisement.

HOW TO GET RID OF A COLD

—Summer colds are serious. Read how C. E. Summers, Holdrege, Neb., got rid of his: "I contracted a severe cough and cold and could hardly sleep. I got a bottle of Foley's Honey and Tar and the very first dose relieved me. I took a second dose before going to bed and can truthfully say I did not cough all night. By using as directed the next two days my cough was entirely cured and I give Foley's Honey and Tar full credit for my speedy recovery." Foley's always soothes and heals. Children love it. Rowley Drug Co.—Advertisement.

SHOULD SLOAN'S LINIMENT GO ALONG?

Of course it should. For after a strenuous day when your muscles have been exercised to the limit, an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, lacerations, stings, bites and the many accidents that are incidental to vacation. "We would as soon leave our baggage as go on a vacation or camp without Sloan's Liniment," writes one vacationist. "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

Why Take A Gambler's Chance with Your Money

Don't you know that almond growing is one of the easiest, quickest, most profitable (if you select the right locality) orchard crops in the state of California?

Do you know that according to Government reports, our consumption of nuts is increasing 15 per cent per annum? That 85 per cent of the almonds we consume are imported from Spain, Italy and France? That California produces 98 1/2 per cent of all the almonds produced in the United States?

Do you know the almond territory is more limited in area than that of the English Walnut and that, Paso Robles Almonds were awarded the Gold Medal and a Bronze Plate for quality at the St. Louis Exposition? Don't you know that the TEMPLETON-PASO ROBLES district is being recognized as the coming almond district of the State? That many, many thousands of trees are being set out in this territory? In fact there is an almond boom there.

Would it interest you to know that young orchards there are producing \$50.00 per acre in their third year?

Let me tell you more about the almond, because you can't get the ALMOND STORY IN A NUT SHELL!

Then there are so many other interesting facts about the Templeton-Paso Robles country that you should know, that I am sure if you drop me a one cent postal with your name and address plainly written the booklet I will send you will give you much valuable information.

**Protect
your Buildings
against Fire!**

See to it that the roof is as permanent as the foundation, because the roof is just as important. Put on a roof that cannot burn under any kind of a fire test; that cannot leak, no matter what the climatic conditions; that will keep your buildings cool in summer and warm in winter. The only roofing that fulfills these requirements is

**J-M ASBESTOS
ROOFING**

Made of Asbestos (stone) fibre and genuine Trinidad Lake Asphalt, it is practically indestructible. It is as permanent as the rock foundation you build on, and defies weather, time, fire, gas, chemical fumes, etc.

No skin coat of paint or gravel surface to wear away. No painting bill or repair bill.

Its first cost is the only cost.

Write or call for Samples and Booklet.

**GRIFFITH
Lumber Co.**

LOS ANGELES PRODUCE MARKET

Plums are now coming into the market in real earnest. Almost every variety is represented in the stalls of the produce brokers, including Satsumas, Prunus Simoni, Burbank, Green Gage and Santa Rosas. Prices range from \$1.15 to \$1.85 a lug, with the majority of plums selling for \$1.50 a lug. Grapes are arriving in the city in slightly larger quantities, but quality so far has proved poor, the grapes being small and sour. Currants were stronger yesterday, and the majority of dealers were asking all the way from 90 cents to \$1.10 a crate. Lemons continue high, and values took another jump up on Monday, when a box was taken down to the quotations for all grades. There were not many changes in the vegetable list, peppers being cheaper at 7 to 8 cents a pound, and green corn showing a slightly easier tendency. Sweet potatoes also give indications of going lower, and there is some really fine stock to be had at \$1.90 a sack.

CURRENT PRICES on poultry and eggs, fruits and vegetables are compiled daily for the Register, based on the quotations prevailing on the Los Angeles produce exchange for the business day preceding. Every effort is made to keep these quotations accurate and down to the latest possible available figures.

Fresh ranch eggs, case count, 25; candied, 27¢; northern fresh extras, f.o.b. San Francisco, 25¢.

BUTTER

Butter—Creamery extras, 25 per pound; firsts, 23. The selling price to the trade is 4 cents higher than the quotations.

CITRUS FRUIT

Navel, Valencia, \$2.00 to \$2.25; Valencia, 2.75 to 3.

Lemons, \$2.50; packed, \$2.50; juice, \$1.50; grapefruit, \$3.00 to \$3.50; limes, 1¢ basket.

GREEN VEGETABLES

[These quotations are for first-class shipping stock.]

SEA CAPTAIN 57 YEARS

1000TH TRIP FOR SHIP

EUREKA, Cal.—When the steamer North Fork of the Charles Nelson Company arrived here a week or so ago she commanded her thousandth voyage. On the bridge of the North Fork was Captain John Nelson, who has commanded the vessel on 579 of those 1000 trips.

Time has whitened the hair, reddened the face and mellowed the outlook of Captain John Nelson. He has seen many lands and learned many things. Like many of his brother seafaring men, he is a Swede by birth, but long ago he took out his citizenship papers.

When this century was a few years younger the North Fork was commanded by the government to lay lines in San Francisco bay. His friends said he knew every mine spot.

It was in 1869 that Captain Nelson brought the three-masted American ship William S. Taylor around the Horn from New York, bringing the last of the rails for the Central Pacific railroad. He has been on the Pacific coast since. He has been at sea fifty-seven years.

He is still as sound as his ship, which can weather many another voyage.

WOMEN NOW RULE

ILLINOIS VILLAGE

TABLE GROVE, Ill.—This village is going to be on apron strings for the next three years—and by its own choosing.

At the election it chose four women for its village trustees, elected a woman as village clerk and another as treasurer. Now Mayor Hoxworth, to show he is a good sport, has announced his intention to appoint a woman as marshal.

The point of it is that the men themselves decided to make it skirt rule. At the election 120 men voted and eighty-eight women, and all the women candidates got big majorities over the male candidates.

The new trustees are Miss Sadie Forsberg, Mrs. Gertrude Bulmer, Miss Frances Swigert and Mrs. G. W. Henry. The clerk is Mrs. F. G. Miller and the treasurer Miss Carrie Harden.

NOTICE FOR PUBLICATION OF TIME OF PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.

In the Matter of the Estate of Frances R. Williams, Deceased.

Notice is hereby given that Friday, the 30th day of June, 1916, at 10 o'clock a. m. of said day, at the Court room of Department 1 of this City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of H. H. Reeves, praying that a document now on file in this Court, purporting to be the exemplified copy of the last Will and Testament of the said deceased, be admitted to probate, that Letters of Administration with the will annexed be issued thereon to H. H. Reeves, at which time and place all persons interested therein may appear and contest the same.

Dated June 13, 1916.

W. B. WILLIAMS, County Clerk.

S. M. DAVIS, Attorney for Petitioner, 5 Trust Bldg., Santa Ana, Cal.

AT THE COURTHOUSE

THREE START PETITIONS FOR NOMINATIONS

Verification Deputies Named
By J. C. Burke, H. E. Smith
and Wm. Schumacher

Petitions for the nomination of J. C. Burke of Santa Ana as the Republican nominee for assemblyman, for the nomination for H. E. Smith of Santa Ana for supervisor of the first district, and for the nomination of William Schumacher of Buena Park for supervisor of the third district, were put in circulation today.

Assemblyman Burke, who seeks reelection, named Ross Waffle of Santa Ana as his verification deputy. Since the assembly is a partisan office, Burke seeks the Republican nomination in the August primaries.

The office of supervisor is non-partisan. If a candidate receives a majority of all votes cast at the August primaries, the matter is practically ended right then. If there are more than two in the race for a position, and neither gets a majority, the decision will not be made until November, the two highest getting the highest votes in August remaining in the race until November.

Supervisor Smith, who is seeking reelection, named H. H. Moye as his verification deputy, and Supervisor Schumacher named Dr. D. W. Hasson of Buena Park.

Answer is Filed

An answer has been filed by Attorneys Scarborough & Porgy for J. E. Schumacher of Anaheim, who is sued for \$42,000 alleged to be due as a realty commission upon a trace that was arranged but not carried out. The answer declares that Schumacher signed a contract of trade upon misrepresentations made by J. W. Ferguson, a realty man.

Attachment Papers

The sheriff's office has made a return of attachment papers in the action upon a \$561 note brought by the First National Bank against Beulah Kenyon. Williams & Rutan represent the bank.

Named Trustees

The Board of Supervisors has been informed that N. B. Trueblood and Theodore Stanley have been elected trustees of the Yorba Linda Library district.

For Administration

Grace E. Van Gieson has applied for letters of administration upon the estate of John Mitchell, who died on June 14, leaving an estate worth \$55,000. The heirs are the petitioner, who lives at Pasadena, and Anna S. Mitchell of Santa Ana. J. A. Vissel is attorney for the petitioner.

Sues for Damages

Yesterday afternoon the Santa Fe was sued for \$51,575 damages by three of those concerned in the tragedy that occurred at the Irvine crossing on May 6. Three separate complaints were filed by Los Angeles attorneys. For each of the three girls who were killed \$10,000 damages is asked. W. R. Ruess, Los Angeles automobile dealer, is plaintiff in one suit in which he asks \$10,000 for the death of each of two daughters, and for \$15,750 for the destruction of his automobile, which was hit by a Santa Fe train. Mrs. Ruess sues for \$20,000 for injuries received by her. It is stated that she still suffers from an injury to her spine. One ankle and her nose were fractured. Dr. F. S. Hardin sues for \$10,000 for the death of his daughter, Mildred.

The complaint alleges that the railroad was negligent in that it gave no warning signals, in that the train was going at an excessive speed, and in that no lookout is maintained at the crossing.

Evidence at the coroner's inquest was that the wig-wag rang. Ruess denied that it rang.

HIS SIX FEET, SIX INCHES

SAVE THIS MAN'S SKULL
CLEVELAND—Frank Kornek, 807 Berge street, Thursday said he is glad he is six feet, six inches tall and weighs 260 pounds.

Kornek complained to Police Prosecutor Russick that a fellow workman at the river furnace of the Corigan McKiney company hit him with a ten-pound mallet.

"My assailant couldn't strike my head with the force he intended, because of my height," Kornek told Russick.

A HACKING COUGH WEAKENS THE SYSTEM

Don't suffer with a hacking cough that has weakened your system—get a bottle of Dr. King's New Discovery, in use over 40 years, and benefiting all who use it; the soothing pine balsam with tar heal the irritated air passages—soothe the raw spots, loosen the mucus and prevent racking the lungs with coughing. Dr. King's New Discovery induces natural sleep and aids nature to cure you.

BOARD OF SUPERVISORS

ROAD BOARD IS ASKING COUNTY TO TAKE OVER SURFACING

Highway Commission Ready To Quit If Law Has Any Way It Can Do So Now

The County Highway Commission is ready to go out of existence, if legally it can do so while its work is incomplete.

Today a communication was sent to the Board of Supervisors asking that steps be taken, if the law allows it to be done, to turn over to some other department the surfacing of 17.74 miles of road that has the base laid but has not yet been surfaced, and to turn over to some other department the work of maintaining the paved roads.

This morning the communication, which follows, was turned over to District Attorney L. A. West for an opinion. If the change can be made legally, the request of the commission will probably be granted.

At a meeting of the commission yesterday a hearing was given Mr. Chadbourne, who said he had a patented process whereby in surfacing with crushed rock and oil more nearly perfect adhesion is secured than has been the case. The main point in the process is to have the rock as well as the oil heated. The man offered to surface a mile of road at a cent and a half per square foot. The Highway Commission believes that offer is worth trying out, and in case it should remain in office, the commission will give Chadbourne a contract for surfacing one mile.

The letter to the Board of Supervisors follows: Gentlemen:—We respectfully report that we have this day approved the last payment due on contracts for the completion of the road system which you authorized us to construct.

Owing to condition of the weather during the winter the completion of the work was delayed for about three months beyond the date it should have been under favorable conditions. The application of the bituminous surface is being carried on by the county employees and with county equipment as rapidly as material can be secured and the condition of the concrete will permit.

There remains 17.74 miles to be surfaced. Our last monthly balance shows \$12,730.28, which is more than enough to complete the work.

As our regular work slackened up to such an extent that our employees, which it was necessary to retain, had leisure time, we, at your request and in the interest of economy, assumed the work of maintaining the roads that were completed and accepted, as well as could be done with the limited equipment at our disposal. This work, while outside of our regular duties and maintained from another fund, has been cheerfully performed, since it has been our policy to render the public the best service in our power. Since our work has been practically completed we would ask that the road maintenance work be placed in the hands of some other department.

If it can be done our overhead expense of attending to the completion of the surfacing can be reduced to a comparatively small amount.

It will probably require about three months to complete the surface work and if there is any legal way by which the balance could be transferred to some other fund and expended for the purpose specified, we would be pleased to have that done and thus permit us to make our final report.

Very respectfully,

R. J. McFADDEN,

W. T. NEWLAND,

N. T. EDWARDS,

Orange County Highway Commission.
Contract for Lights
The Edison Company was the only bidder for furnishing electricity for the Tustin Lighting district. The bid of \$1.15 per month per 32-candlepower tungsten lamp was accepted.

Seeking Street Lights

A petition was presented asking for the formation of a street lighting district to include Thumb brothers' tract, McKnight's subdivision, Laguna Cliffs, Laguna Terrace, Laguna Beach, Laguna Heights, Arch Beach and Arch Beach Heights. The communication states that the Pacific Light and Power Company is trying to reach Laguna Beach with its lines, and it is hoped that the street lights will be installed before the summer is over.

Hospital Service

The following communication was presented by Dr. Doyle and was received for investigation: "Gentlemen: We, the undersigned practicing physicians of Orange county, respectfully suggest that you consider the advisability of arranging the County Hospital service to accommodate patients, many of whom are taxpayers, who are financially unable to pay the usual hospital fee and object to being pauperized. There appears to be a demand for private rooms and hospital care at cost, which demand we consider just, and worthy of serious consideration."

The communication is signed by Drs. George H. Dobson, James F. Doyle, J. I. Clark, H. E. W. Barnes, Frank W. Murphy, H. S. Gordon, J. M. Burlew, C. W. Brooks, C. V. Billingsley, C. N. Mosher, John L. Dryer, Frank E. Winter, Willard C. Dubois, John McAuley, Sydney V. West, H. M. Robertson, G. A. Bartholomew.

LORRY DRIVING IS HONOR POST IN FRENCH ARMY

BAR-LE-DUC, France.—The post of military motorcar conductor, much sought as a sort of safe refuge near the front and a soft berth in the rear during the earlier period of the war, has become a post of honor. Many drivers are now wearing the coveted war cross; a few of them have earned the military medal.

Motorcar transports carrying men and ammunition did what the railroads would have done had their lines been sufficient in the battle of Verdun. There was nothing but a local departmental narrow-gauge railroad leading from the supply depots behind the front to the battlefield—inadequate to bring up supplies alone, to say nothing of reinforcements, cannon and ammunition. To provision the army of Verdun it was necessary to exploit a circuit of 85 miles of road like a railroad with motorcars.

The motorcar acquitted itself so well that it was cited in the orders of the day in the army. Motor lorries, motor tractors dragging big guns, motor carry-alls bringing up reinforcements, motor ammunition transports, succeeded each other around that 85 mile circuit at 20-second intervals, forming a continuous line that amounted practically to the same thing as a railroad train 85 miles long.

For Motors Only

The circuit is reserved exclusively for motorcars, and is exploited by a commission at Bar-le-Duc that does nothing else than see that the route is kept free from obstructions, protected from the enemy's aircraft, and that the endless line of cars is kept in motion. All night, as well as all day, the line moves around the circuit.

After dark a well-organized signal service regulates the traffic and as they approach the front, transmits routing orders to different detachments of cars by luminous signs. At times with the signals and headlights the long line resembles a gigantic glow worm crawling around the circuit.

The route reserved to motorcars is divided into six sections, each with a chief who supervises repairs by strong crews of military roadmen in places where the wear has become excessive, and directs the police protection of the circuit. The same commission that keeps the route open and the cars moving supervises the loading of supplies and munitions at stations relatively remote from the front. The drivers of ammunition cars receive their orders on starting—their destination is one of the most closely guarded secrets, for it is as important to protect the ammunition depot at the front from possible indiscretions as from the enemy's aeroplane bombs.

The spots are always chosen by expert eyes and solidly sheltered. On the return trip the motorcar supply wagons bring back relieved troops, wounded men or damaged war material.

ers also have been comparatively few, though the circuit is not out of range of the enemy's artillery. The heavier transports of material approach within a few miles of the firing line, the light ones much closer, while the ambulance motor cars get right up to the fire.

The driver, of course, has contributed as much as the organization to the results obtained. He is generally a man of the auxiliary, physically inapt for army service, or a territorial. Most of them are volunteers—

men who had been given quiet berths in the rear, but who, tired of them after a few months, wanted to get into real action. They are more than accommodated here at present, for the hours of rest are parsimoniously counted. Drivers, sometimes, vanquished by fatigue, drop asleep on the seats of their cars, reawakening as if by telepathic signal, often, just in time to avoid a catastrophe. The strain, physical and mental, is so great that the sick list is very long.

CHARGES NON-SUPPORT
Today Deputy Sheriff Maxwell arrested J. B. Wallace and is holding him for a Los Angeles officer, who has a warrant for Wallace on a charge of non-support.

W. D. Baker makes French or Vienna bread that can't be beat. Don't take our word for it, try a loaf. W. D. Baker, 214 West Fourth St.
